THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

J. P. THOMPSON,
Chief Secretary to Government Punjab.

Queen Mary's College, Lahore.

THIS school has been founded in order to give girls of the higher ranks an education suitable to their position. The proposed education is to be first and foremost womanly, and pupils will not for the present be prepared for the matriculation examination of the University. The Indian ideals of self-sacrificing motherhood and simplicity of life will be held sacred, and the education given, while conducted on the best modern methods, will seek in every way to guard the ideal of the Indian wife in her home. For this reason the curriculum includes lessons on the care of children's health, simple remedies for ordinary illnesses, "first aid" invalid cookery, and science as applied to the home in the shape of the elementary laws of sanitation, ventilation, etc. Great stress is laid on needlework, and every kind of both Indian and English needlework, plain and artistic, including the use of the sewing machine, is taught by competent teachers.

Study of Vernaculars.—The intelligent study of the mother-tongue is the basis of education in every country, and great attention is paid to the vernaculars. Hindi, Urdu and Gurmukhi are taught by fully qualified teachers, and instruction is given in beautiful writing as well as in reading and composition.

When a pupil has acquired sufficient mastery over her own vernacular, she may proceed to the study of Persian or Sanskrit, Arabic, or French.

Moral lessons are given daily on such virtues and duties, and these are illustrated by examples drawn from the literature of all nations and all times.

I.—This Institution has been established at the desire, and with the assistance, of the Punjab Government, in order to provide a Public Library for the use of all classes in the Province.

II.—The objects of the Institution are—

(a) to provide a Public Library for the use of all classes of the community which shall contain official publications as well as general literature, both Oriental and of other kinds;

(b) to provide a Reading Room which shall be open to the public free of charge.

III.—The Institution seeks to contribute to the intellectual advancement of the country—

(a) by rendering accessible in one place valuable information that may be required for Provincial historical research, or for any other enquiry that depends upon records rather than experience;

(b) by providing, on an adequate scale, for the public means, both of general reading in various fields of literature and popular science.

IV.—The Committee of the Library earnestly appeal to all interested in the moral and intellectual development of this country for help and assistance to enable the institution to possess not only what is best in Western Literature, but also "a thoroughly representative collection of Eastern works," and to this view they appeal to Indian noblemen and gentlemen and indeed to all, of whatever race or creed, who can appreciate what oriental thought has effected in the past, for help in securing for the Public Library those valuable collections of manuscripts and oriental books (in the possession of Chiefs and gentlemen) whose usefulness is considerably curtailed by their inaccessibility to the public

V.—A donation of Rs. 50 entitles the donor to the privileges of a life member, thereby enabling him not only to obtain a private benefit, but also to contribute towards an excellent public object.

VI.—The Library, being open to the whole Province, deserves support from all parts of the Punjab, and the Committee ask Municipal Committees, District Boards and Indian States to make monthly grants of money that the institution may be maintained in a state of thorough efficiency.

VII.—Copies of the Classified Catalogues of works of all kinds in the Library are procurable on application to the Librarian.

VIII.—The Rules are given below—

I.—CONSTITUTION AND COMMITTEE.

1. The Committee shall consist of not less than 14 members, including the President and Secretary.

2. The Deputy Commissioner of Lahore, the Director of Public Instruction, Punjab, and the Director of Agriculture and Industries, Punjab, shall be *ex-officio* members.

4. The life members shall annually elect two members to be on the Committee for one year.

5. The remaining members will be nominated by Government, who will also appoint the President.

6. The Committee shall appoint its own Secretary.

7. Standing Sub-Committees shall be appointed by the Committee to carry on the management of the different departments of the Library.

14. All cheques shall be signed by the Secretary and a member of the Committee appointed by it for the purpose.

16. A donation of money of Rs. 50 or upwards, or of books not already in the Library accepted by the Committee and valued by it as worth not less than Rs. 50, shall entitle the donor to the privileges of a life member.

17. Any donor of books may make it a condition of the donation that any of the books he gives shall not be lent out except to himself.

18. Life members shall be exempt from payment of deposits, subscriptions and other fees required by the rules.

19. The Punjab Government shall, in consideration of its interest in the "Punjab Public Library," have the reversionary right in the books, furniture and other property of the Library in the event of its dissolution, and shall further have power to dispose of the same in such manner as to it may seem fit, and as shall be in accordance with law.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, *dated 8th December* 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

J. P. THOMPSON,
Chief Secretary to Government Punjab.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, *dated 8th December* 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

J. P. THOMPSON,
Chief Secretary to Government Punjab.

Particulars of the lots to be sold.

1. The land to be sold is Government waste lands, situate in tahsil Gugeraand Montgomery in the district of Montgomery and Khanewal and Multan in the district of Multan.

2. The areas (more or less) of the lands, the *rajbahas* extended to them and the boundaries are given in the statement attached.

(a) These lands will be sold in lots numbered as shown in the list and maps in the offices of the Colonization Officer, Montgomery, the Deputy Commissioner, Multan, and the Colony Tahsildars, Okara, Chichawatni and Mian Channu, the list and maps bear the signature of the Colonization Officer. The number and the approximate size of the lots in each estate are set forth in column 9 of the attached statement.

(b) Distributaries of the Lower Bari Doal Canal have been extended to these lands, and plans signed by the Executive Engineer are deposited and are open to inspection free of charge in the offices of the Colonization Officer, Montgomery, the Deputy Commissioner, Multan, and the Colony Tahsildars, Okara, Chichawatni, and Mian Channu. These plans and list of lots show the extent to which these lands are believed to be irrigable from the above mentioned channels by flow or by lift, as the case may be.

The supply of water in the canal will probably irrigate as noted in the schedule of lots, but Government does not hold itself in any way responsible for supplying any water to any of the said lands or for the correctness of the said plans, and no failure or error in these respects shall be a ground for avoiding the sale or claiming compensation.

(c) The trees and underwood, and all other products whatever of the said lands, will be included in the sale, save and except all mines, minerals, coals, gold-washings, earth-oil and quarries in or under the said lands.

SCHEDULE II.

Conditions of sale.

I.—The lands will be sold subject to all rights of way or water and other easements, if any, subsisting thereon.

II.---The lands will be sold in full proprietary right, but subject to the following conditions :—

(*a*) The proprietary rights shall be subject to the exception and reservation to Government, its successors and assigns of all mines, minerals, coals, gold-washings, earth-oil and quarries in or under the said lands, and full right at all times to enter upon any part of the said lands and to do all acts and things that may be necessary or expedient for the purpose of searching for, working, getting and carrying away any mines, minerals, coals, gold-washing, earth-oil or quarries in or under the said lands without leaving any vertical or lateral support for the surface thereof, or any building for the time being standing thereon (the Government, its successors and assigns making reasonable compensation to the purchaser, his heirs, legal representatives and assigns, and his or their lessees or tenants, for all damage occasioned by the exercise of the rights reserved).

(*b*) The land revenue demand for the time being assessed thereon, and all general taxes, local taxes, and cesses to which revenue-paying lands are liable shall be duly paid. No charge on this account will be made during the first year.

(*c*) *Canal occupier's rate* will be charged in accordance with the rates in force (*vide* Punjab Government, Irrigation Branch, notification No. 547 R.I., dated 23rd April 1913) or to be enforced on the Lower Bari Doab Canal, provided that water will be given free for one year only after auction.

(*d*) (*i*) The alignment of main roads, existing or proposed for construction, is shown upon the plans. The area of such roads has in all cases been excluded from the calculation of auction plots and no property in them will pass to the purchaser of such plots.

(*ii*) Village roads to provide communication between village sites and zamindari roads to provide access to each rectangle (16½ feet in width in either case) are delineated on the plans signed by the Executive Engineer, and such areas are included in the areas of the lots to be sold. But the purchaser has no right of cultivation over any such area, and the Collector may at his discretion, make any new roads not exceeding 16½ feet in width or alter the direction of any such existing road, and the purchaser shall be entitled to no compensation by reason of such action.

(*iii*) If any purchaser requires a road to be made giving access to his land from a main or village road through the land of another purchaser, the Collector may on requisition signed by the purchaser acquire the land necessary for such road not exceeding 16½ feet in width, at the cost of the purchaser requiring the road, and the purchaser of the lot in which the land so to be acquired is situated shall surrender the land on receipt of the cost of the same, calculated at the rate per acre at which the lot was purchased.

(*e*) Water-courses are delineated on the plans, but the canal officer empowered in that behalf may, at his discretion, construct or cause to be constructed any new water-course, or alter the direction of any existing water-course, and the purchaser shall be entitled to no compensation by reason of such action except compensation for damage to standing crops. No water-course shall be constructed except with the approval of the Divisional or Sub-Divisional Canal Officer and under the provision of section 16 of the Northern India Canal and Drainage Act, VIII of 1873. In accordance with these provisions the cost as determined by the Divisional Canal Officer of all water-courses already constructed or hereafter constructed shall be recovered from all persons using the same in such manner and at such time as may be fixed by the general or special orders of Government.

(*f*) The purchaser shall be chargeable with the whole of the cost of the survey and demarcation of the said lands, together with his share of the cost of the water-course or water-courses of the estate in which the said lands are situated, and of the roads and culverts necessary for the general convenience of the residents of such estate, and also with the cost of keeping such roads and culverts in proper repair. The amounts of such charges, as determined by Government or by the Collector in the case of repairs of roads and culverts, shall be recoverable in such manner and at such times as may be fixed by Government or by the Collector, respectively.

(g) In case of any dispute arising between the purchaser and the Government as to the property and rights hereby reserved, or any matter incidental or in any way relating thereto, or as to any of the above terms and conditions, the said dispute or disputes shall be referred for the arbitration of the Financial Commissioner, whose decision shall be final and binding on both parties. The sale is also subject to the limitation next following.

III.—The purchaser shall not, without the sanction in writing of the Collector, alienate any portion of the lot sold before he shall have received the deed of conveyance hereinafter mentioned.

IV.—The lands with the wood on it (where there is any) will be put up in lots of various sizes as shown on the list and maps in the offices of the Colonization Officer, Montgomery, the Deputy Commissioner, Multan, and the Colony Tahsildar, Okara, Chichawatni and Mian Channu referred to in paragraph 2 of Schedule I.

The lots vary in size and are as shown in the schedule of lots attached. A reserve price will be fixed by Government, but will not be disclosed unless the highest bid in any case is lower than the reserve price. The highest bidder above the reserve price shall be the purchaser. In case of dispute between two equal bidders the lot shall be put up again at the last preceding bid. Bids shall be received by the presiding officer at so much per acre, and no bid shall advance by less than one rupee per acre.

Intending purchasers may make their tenders by written application enclosing a sum amounting to Rs. 30 per acre, calculated to the nearest whole acre of the area comprising the lot for which they wish to bid. Such written applications must reach the Colonization Officer, Montgomery, not later than the evening of the 27th February 1917. The highest tender so made for any particular plot shall be deemed to be a bid of the amount tendered, and if no advance be made upon it at the auction, it shall be considered the highest bid. Intending purchasers will be shown the land to be offered for sale at any time by the Patwari in whose circle the land is situated.

V.—The purchaser shall on the day when his bid is accepted pay a deposit in part payment of the purchase money of Rs. 30 per acre, calculated to the nearest whole acre, of the area or areas purchased by him and sign an agreement in the Form B, hereto annexed, upon stamped paper to be provided at his expense.

VI.—In default of such payment, or in the event of refusal to sign such agreement the lot may be again put up and re-sold. In the event of the foregoing conditions being fulfilled the purchaser shall receive an attested copy of the said agreement upon stamped paper to be provided at his expense.

VII.—Upon the expiration of one month from the date of sale, simple interest at the rate of Rs. 6 per cent. per annum shall be charged upon the balance of the purchase money for the time being remaining unpaid until date of payment.

VIII.—Such balance of purchase money and interest may be paid at any time within 3 calendar months from the date of the sale; and otherwise it shall be paid without demand in 6 successive equal instalments, payable at intervals of 6 months on the successive dates fixed for the realization of the land revenue of the land so purchased; and the first of such instalments shall be paid on the date on which the land revenue for the first harvest on the land is payable, the Colonization Officer having power to determine which harvest shall be considered to be for the purposes of this condition the first harvest: provided that the purchaser may when paying the first or any subsequent instalment also pay all or any whole number of such instalments of purchase money and interest as still remain due from him.

The payment within the period of 3 calendar months from the date of the sale, or within the period of three years as specified above of such amounts and of the interest due, if any, shall be deemed to be of the essence of the contract for sale.

IX.—When the successful purchaser has paid the sum or sums mentioned in condition V above, he will thereupon be placed in possession of the land sold by an officer appointed in that behalf by the Collector, and shall furnish to such officer a written acknowledgment of receipt of possession.

X.—If the purchaser shall make default in any payment due from him under these conditions, together with any interest that may have accrued, on due date, the Collector may rescind the contract and all sums deposited in part payment of the purchase money and interest thereon shall be forfeited to Government.

XI.—(1) When the whole of the purchase money and all other sums due and payable by the purchaser under these conditions shall have been paid, and not till then, the Collector shall cause a conveyance to be drawn up in English in the Form B annexed to the Waste Land Lease Rules, with the addition of conditions II (a) to (g) of these conditions or to the same effect, and shall execute the same on behalf of the Government, and shall then call upon the purchaser to execute the same.

(2) If the purchaser shall refuse to execute the said deed when called upon to do so by the Collector or shall fail so to do without any lawful excuse, the Government shall have full power and authority forthwith to rescind the contract and cancel the sale.

XII.—When any contract has been rescinded under conditions VI, X, or XI (2) and the land is re-sold for a price lower than that of the bid of the original purchaser, the original purchaser shall be liable to pay to Government the amount of the difference between his highest bid and price for which the land has been re-sold.

XIII.—If the purchaser shall have been placed in possession of the land under the provisions of condition IX of these conditions and shall thereafter make default in payment of any sums due under these conditions on due date and the sale to him of the land be rescinded in accordance with the powers hereby granted to the Collector, the Government shall have full right forthwith to re-enter upon and resume possession of the land.

XIV.—All payments to be made under these conditions on account of purchase money or interest, or any other charges, shall be made at the office of the tahsil in which the land is situated : provided that with the written permission of the Collector payment may be made into any Government Treasury.

XV.—The land is believed, and shall be taken, to be correctly described as to area and otherwise. If any error, mis-statement, or omission in the foregoing particulars shall be discovered, the same shall not annul the sale, but the price payable by the purchaser shall be adjusted if necessary with reference to the acreage of the lot purchased as finally ascertained and the price per acre bid by the purchaser.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

J. P. THOMPSON,
Chief Secretary to Government Punjab.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

J. P. THOMPSON,
Chief Secretary to Government Punjab.

Queen Mary's College, Lahore.

THIS school has been founded in order to give girls of the higher ranks an education suitable to their position. The proposed education is to be first and foremost womanly, and pupils will not for the present be prepared for the matriculation examination of the University. The Indian ideals of self-sacrificing motherhood and simplicity of life will be held sacred, and the education given, while conducted on the best modern methods, will seek in every way to guard the ideal of the Indian wife in her home. For this reason the curriculum includes lessons on the care of children's health, simple remedies for ordinary illnesses, "first aid" invalid cookery, and science as applied to the home in the shape of the elementary laws of sanitation, ventilation, etc. Great stress is laid on needlework, and every kind of both Indian and English needlework, plain and artistic, including the use of the sewing machine, is taught by competent teachers.

Study of Vernaculars.—The intelligent study of the mother-tongue is the basis of education in every country, and great attention is paid to the vernaculars. Hindi, Urdu and Gurmukhi are taught by fully qualified teachers, and instruction is given in beautiful writing as well as in reading and composition.

When a pupil has acquired sufficient mastery over her own vernacular, she may proceed to the study of Persian or Sanskrit, Arabic, or French.

Religious Education.—Reference to the list of subscribers to Queen Mary's College will show that all sects are represented; therefore distinctive sectarian teaching cannot be given. There is, however, much on which all religious-minded people agree. The virtues of modesty self-sacrifice, obedience, gentleness and many others are honoured by all alike. Moral lessons are given daily on such virtues and duties, and these are illustrated by examples drawn from the literature of all nations and all times.

Age.—Parents are advised to send their children at about six years of age, in order that they may obtain full benefit from the courses of instruction.

Fees.—Entrance	... ...	Rs. 10 per month

Milk is given twice daily. Extra milk or special diet will be separately charged for.

I.—This Institution has been established at the desire, and with the assistance, of the Punjab Government, in order to provide a Public Library for the use of all classes in the Province.

II.—The objects of the Institution are—

(*a*) to provide a Public Library for the use of all classes of the community which shall contain official publications as well as general literature, both Oriental and of other kinds;

(*b*) to provide a Reading Room which shall be open to the public free of charge.

III.—The Institution seeks to contribute to the intellectual advancement of the country—

(*a*) by rendering accessible in one place valuable information that may be required for Provincial historical research, or for any other enquiry that depends upon records rather than experience;

(*b*) by providing, on an adequate scale, for the public means, both of general reading in various fields of literature and popular science.

IV.—The Committee of the Library earnestly appeal to all interested in the moral and intellectual development of this country for help and assistance to enable the institution to possess not only what is best in Western Literature, but also " a thoroughly representative collection of Eastern works," and to this view they appeal to Indian noblemen and gentlemen and indeed to all, of whatever race or creed, who can appreciate what oriental thought has effected in the past, for help in securing for the Public Library those valuable collections of manuscripts and oriental books (in the possession of Chiefs and gentlemen) whose usefulness is considerably curtailed by their inaccessibility to the public

V.—A donation of Rs. 50 entitles the donor to the privileges of a life member, thereby enabling him not only to obtain a private benefit, but also to contribute towards an excellent public object.

VI.—The Library, being open to the whole Province, deserves support from all parts of the Punjab, and the Committee ask Municipal Committees, District Boards and Indian States to make monthly grants of money that the institution may be maintained in a state of thorough efficiency.

VII.—Copies of the Classified Catalogues of works of all kinds in the Library are procurable on application to the Librarian.

AMRITSAR:

[439-3.]

In the Chief Court, Punjab, Lahore.

IN THE MATTER OF THE INDIAN COMPANIES ACT, VII OF 1913, AND OF THE WINDING UP OF THE PREMIER SAW MILLS, LIMITED, LAHORE.

BY an order made by the Chief Court, Punjab, in the above matter dated the 19th day of January 1917, on the petition of Mr. Sundar Das, Additional Liquidator of the Lahore Bank, Limited. It was ordered that "This is an application under section 162 of the Indian Companies Act, VII of 1913, for the compulsory winding up of the Premier Saw Mills, Limited, Lahore. It is clear that Mr. Behari Lal, Batra, the Managing Director of the Company, has absconded, and that there is no person to carry on the business thereof. The other Directors have been personally served, and there is no appearance before me by or on behalf of them and I must, therefore, take it that they do not want to oppose the application. Mr. B. P. Khosla, who was appointed the Provisional Liquidator, reports that the Company has suffered losses to the extent of nearly Rs. 30,000 during the last two years; and it seems that it is unable to pay its debts. It is practically moribund and I am therefore of opinion that it is just and equitable that it should be wound up. Accordingly I direct that the Premier Saw Mills, Limited, Lahore, be wound up by the court, and that all subsequent proceedings be had in the Court of District Judge, Lahore, who may assign them to the Additional Judge. I appoint Mr. Beni Pershad, Khosla, to be the Official Liquidator of the Company and fix his remuneration at 5 per cent. on realisation.

"The order of winding up shall be advertised in accordance with the rules of this court."

Petitioner,

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, *dated 8th December* 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

J. P. THOMPSON,
Chief Secretary to Government Punjab.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

J. P. THOMPSON,

Chief Secretary to Government Punjab.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

J. P. THOMPSON,

Chief Secretary to Government Punjab.

THE first five items of business were passed without discussion, as follows :—

(1) That the recommendations of the Syndicate relating to the extension of affiliation of the Hindu College, Delhi, to include B. A. Courses in English, History, Philosophy, Economics, Mathematics (A & B), Persian and Sanskrit, be approved (*vide* paragraph 12 of the Syndicate Proceedings, dated the 19th May, 1916).

(2) That the recommendations of the Syndicate relating to the extension of affiliation of the Dyal Singh College, Lahore, to include the M. A. Course in Philosophy, be approved (*vide* paragraph 3 of the Syndicate Proceedings, dated the 5th May, 1916).

(3) That the recommendations of the Syndicate relating to the extension of affiliation of the S. P. College, Srinagar, to include Intermediate Biology Course, be approved (*vide* paragraph 5 of the Syndicate Proceedings, dated the 5th May, 1916).

(4) That the recommendations of the Syndicate relating to the extension of affiliation of the Murray College, Sialkot, to include the B. A. Courses in Economics, be approved (*vide* paragraph 4 of the Syndicate Proceedings, dated the 3th May, 1916).

(5) That the recommendations of the Syndicate relating to the Courses of Reading, be approved (*vide* paragraph 8 of the Syndicate Proceedings, dated the 19th April, 1916) (*vide* Appendix I).

2. The sixth proposal was as follows :—

That the recommendations of the Syndicate relating to the proposed changes in the Matriculation Examination, be approved (*vide* paragraph 4 of the Syndicate Proceedings, dated the 13th October, 1916)

This referred to the report of a committee appointed by the Syndicate on the 17th March, 1916 (*vide* Appendix II), to consider the question of proposed changes in the Matriculation system. The Syndicate had approved of the recommendations made by this committee, and had resolved that the report be submitted to the Senate for a resolution on these proposals It was thought desirable to ascertain the opinion of the Senate on the general question before the committee or other bodies concerned were invited to propose particular changes in University Regulations which the proposed arrangements would necessitate.

Mr. Manohar Lal proposed and Mr. Tek Chand seconded the following motion :—"That the report of the committee appointed by the Syndicate to consider the question of proposed changes in the Matriculation system be referred to the Faculties concerned before it is considered by the Senate." The Hon'ble Mr. Fazl-i-Hussain spoke against this motion. A lengthy debate followed in which the following took part :—The Hon'ble Mr. Shadi Lal, Mr. Tek Chand, Mr. Moti Sagar, Rai Bahadur Pandit Sheo Narain, Mr. Das Gupta, Mr. Martin, Sir Donald Johnstone, the Hon'ble Mr. Shafi, and Lala Hans Raj. Mr Manohar Lal replied, and his motion, which was then put to the vote, was lost by a large majority.

The Hon'ble Mr. Fazl-i-Hussain seconded by Lala Durga Das then proposed a series of three resolutions comprising the recommendations of the Syndicate with some modifications, as follows :—

(1) That a separate Board of Studies for Matriculation be instituted, and in future the term 'Matriculation and School Final Examination' be used in place of the Matriculation and the Clerical and Commercial Examinations.

(2) That the powers and functions of the Board be similar to those of a Board of Studies under the existing regulations, but it shall submit its recommendations direct to the Syndicate, which shall not adopt them without referring the same to the Faculties concerned for opinion.

(3) That the Board consist of ten members who shall be elected for one year by the several Faculties from amongst their own members including added members, in the following proportions :—Five by the Arts Faculty, of whom three must be connected with the teaching, inspection, or management of Schools; three by the Oriental Faculty, of whom one must be a school representative as above; two by the Science Faculty, of whom one must be a school representative as above; and the Director of Public Instruction who shall be the Chairman of this Board.

The first two resolutions were after some discussion accepted almost unanimously by the Senate. The third resolution dealt with the composition of the proposed Board of Studies. Mr. Hemmy proposed and Mr Chawla seconded an amendment to the effect that the question of the composition of the Board be deferred until the complete scheme was presented to the Senate. On being put to the vote this motion was lost.

With reference to the representation of the Science Faculty, Mr. Hemmy proposed and Lala Sundar Das seconded an amendment that three members should be elected by the Science and Medical Faculties combined. This amendment on being put to the vote was lost. A large majority then voted in favour of two representatives being elected by the Science Faculty. Pandit Sheo Narain proposed and Mr. Chawla seconded an amendment that one member should be elected by the Medical Faculty. This amendment was lost. The third resolution was then carried unanimously.

3. Item No. 7 was passed without discussion :—

That the recommendations of the Syndicate relating to the extension of the term of Mr. Ram Labhaya, McLeod Kashmir Sanskrit Student, for a period of two years, be approved (*vide* paragraph 5 of the Syndicate Proceedings, dated the 13th October, 1916).

4. Read item No 8:—

That the recommendations of the Syndicate on the amendment proposed in the Regulations for the election of Boards of Studies, be approved (*vide* paragraphs 9 and 10 of the Syndicate Proceedings, dated the 19th April and 13th October, 1916, respectively) (*vide* Appendix III).

Mr. Tek Chand moved an amendment that the Board of Studies in English should continue to be elected by the Oriental, Arts and Science Faculties combined. Fifteen Fellows voted for this amendment and sixteen against: the amendment was accordingly lost. Mr. Tek Chand then moved an amendment that the Board of Studies in Sanskrit and Hindi, and that for Arabic, Persian and Urdu, should be elected by the Oriental and Arts Faculties combined. This amendment was also lost. The recommendations of the Syndicate were then accepted by the Senate.

5. Items 9 to 13 were passed without discussions as follows:—

(9) That the recommendations of the Syndicate relating to the reappointment of Alfred Patiala Research Student, Lala Beni Pershad, M Sc., and McLeod Panjab Arabic Student, M Muhammad Shafi, M.A., for a period of one year, be approved (*vide* paragraphs 8 and 9 of the Syndicate Proceedings, dated the 19th June, 1916).

(10) That the list of examiners appointed by the Syndicate, be approved (*vide* paragraphs 19 of the Syndicate Proceedings, dated the 19th June, 1916 (*vide* Appendix IV).

(11) That the recommendation of the Law Faculty relating to the appointment of a Law Lecturer and two Law Readers, be approved (*vide* paragraph 3 of the Syndicate Proceedings, dated the 19th June, 1916) (*vide* Appendix V).

(12) That the recommendations of the Syndicate relating to the Syllabus in Economics for the B. A Examination, be approved (*vide* paragraph 4 of the Syndicate Proceedings, dated the 19th June, 1916 (*vide* Appendix VI).

(13) That the amendments proposed in the Regulations for the F. Sc. Examination, be approved (*vide* paragraph 9 of the Syndicate Proceedings, dated the 19th May, 1916) (*vide* Appendix VII).

6. Read item No. 14:—

That the amendments proposed in the Regulations for the Medical Examinations, be approved (*vide* paragraph 9 of the Syndicate Proceedings, dated the 19th May, 1916) (*vide* Appendix VIII).

Major Forster proposed to add a clause whereby examiners could admit students to the supplementary examination It appeared however that Major Forster had not ascertained the opinion of the Medical Faculty on this point. On the suggestion of Dr Caleb it was agreed that the matter should be referred to the Medical Faculty before it was considered by the Senate. Lala Durga Das moved an amendment to the effect that a candidate should be required to obtain ordinary pass marks (*i.e.*, 33 per cent.) in the subject in which he is re-examined instead of 50 per cent. as recommended by the Faculty and accepted by the Syndicate. Lala Durga Das related the history of these proposals, and pointed out that on a previous occasion the Medical Faculty had not insisted on 50 per cent. and that their previous recommendation was approved by the Syndicate and by the Senate. Dr. Caleb thought that it was undesirable to make any change in the scheme proposed by the Medical Faculty. On being put to the vote Lala Durga Das's amendment was carried by a large majority. As thus amended the proposed amendments in the regulations were approved by the Senate unanimously.

7. Item No. 15:—

That the amendments proposed in the Regulations for the M. Sc. Examination be approved (*vide* paragraph 9 of the Syndicate Proceedings, dated the 19th May, 1916) (*vide* Appendix IX)

was passed without discussion.

8. As regards item No. 16 (*re* regulations for Hostels), Vice-Chancellor stated that a Committee had recently been appointed by the Syndicate to work out a scheme by which the Syndicate could give effect to the principle involved in the proposed regulation, and it had been suggested to him that the consideration of this item might be postponed until this Committee had reported He would suggest therefore that this item be postponed. The Senate agreed to this suggestion.

9. The last item on the agenda paper was passed unanimously:—

(17) That the amendments proposed in the Regulations relating to the Law College, be approved (*vide* paragraph 9 of the Syndicate Proceedings, dated the 19th May, 1916 (*vide* Appendix X)

II.—*Election of Added Members of the Faculty*.

Professor Fazl-i-Haq, M.A., of the Government College and Pandit Lalita Parshad, Shastri, of the Dyal Singh College, were unanimously elected.

III.—*Consideration of the Proceedings of the Board of Studies*.

A.—Proceedings of the Board of Studies in Arabic and Persian, etc., held on the 1st November, 1915 (*vide* Appendix A), were approved, *except* in the following particulars :—

1. With regard to the *Tarik-i-Gozida Saljuqian* (تاریخ گزیدہ سلجوقیان) recommended by the Board to form part of the Prose portion of the Intermediate Course for the year 1918 after some discussion, it was resolved by a majority that the matter be referred back to the Board for re-consideration and for suggesting some other book instead of *Tarikh-i-Saljuqian*.

2. As regards *Jama-ul-Qawaid* (جامع القواعد) recommended for the Matriculation Persian Course for 1918, it was urged by several members that the *Miyar-ul-Qawaid* (معیار القواعد) by Qazi Mir Ahmad Shah Rizwani (which was rejected by the Board) be substituted. For معیار القواعد it was maintained that the book was well spoken of and was written on more modern lines. It was, however, pointed on that the publication was a private venture and priced higher than the standard laid down by the Text-Book Committee. After discussion it was resolved that the point whether *Miyar-ul-Qawaid* be substituted for *Jama-ul-Qawaid*, or be made an alternative text-book, be referred back to the Board for re-consideration, with which the question of the price should also be considered.

3. From the Maulvi Fazil course, it was urged, *Diwan-i-Hassan* (دیوان حسان) should be excluded I as containing many objectionable passages (هزلیات). The point was, therefore, referred back to the Board for re-consideration.

4. In the Munshi course *Makhzan-i-Asrar-i-Nazami* (مخزن اسرار نظامی) was suggested as a better text-book than *Tuhfat-ul-Ahrar-i-Jami* (تحفۃ الاحرار جامی). Votes being equal (4 : 4), the Board's recommendation was approved by the casting vote of the Dean.

5. For the Munshi Alim course, *Chahar Gulzar* (چہار گلزار) was urged as not a suitable book; and the majority decided to refer this point too to the Board for re-consideration.

B.—Proceedings of the Board of Studies in Sanskrit and Hindi, held on the 19th October, 1915 (*vide* Appendix B (*a*) recommending certain changes in the courses of readring for 1918—were approved. (*b*) As regards paragraph 3 of the Proceedings containing the Board's opinion as to the proper minimum percentage of marks, and their suggestion for an

addition of certain words in the rule stated in paragraph 1, page 133 of the Calendar, 1915-16, it was resolved *nem. con.* that the opinion and the suggestion be referred (*a*) to the Board of Studies in Sanskrit, etc., for a statement of their reasons, and (*b*) to other Boards of Studies for consideration and opinion.

C.—As regards paragraph 3 of the proceedings of the Board of Studies in Sanskrit and Hindi held on the 31st March, 1915 (*vide* Appendix C), it was unanimously resolved that the suggestion contained therein be referred to other Boards of Studies for opinion.

D.—In respect of paragraph II of the Proceedings of the Board of Studies in Panjabi held on the 13th May, 1915 (*vide* Appendix), Bhai Mohan Singh asked certain questions regarding the *See Hurfi of Ali Haider* (سی حرفی علی حیدر) which were generally thought as pertinent. As, however, no member of the Board of Studies was present at the meeting, it was resolved that the point be referred to the Board which, it was understood, was to meet on the 23rd December.

CONFIRMED.

M. SHAH DIN, KANWAR SAIN, MATHUR,

Dean. *Secretary.*

3. The Board was of opinion that a minimum of twenty-five per cent. of marks in all papers other than the Translation or Composition paper was desirable in the case of the Titles Examinations. 1. A letter from Qazi Fazl-i-Haq, M.A., *re* Peraisn Matriculation Course was read before the Board. The writer who was present at the meeting had asked for certain instructions as to the work of expurgation, printing, etc., and these were given to him.

2. A letter from Qazi Mir Ahmad Shah, S.U., requesting the Board to reconsider the question of the fitness of his Persian Grammar معیار القواعد for the Matriculation Examination along with the reference made by the Oriental Faculty concerning the same book was read before the Board. The Board decided to refer the matter back to the same Sub-Committee which had been previously appointed for this purpose.

3. Certain references made by the Oriental Faculty were placed before the Board. The Board decided as follows :—

(a) Selections from اقبال نامہ جہانگیری about 30 pages, instead of تاریخ سلجوق should form part of the Prose portion of the Persian Matriculation Course.

(b) دیوان حسان should remain as part of the prescribed course of the Maulvi Fazil Examination ; the passages referred to at the Faculty meeting were considered not objectionable.

(c) رسالہ عبدالواسع جبلی and عروض سیفی are recommended in place of چہار گلزار for the Munshi Alim Course.

2. The Arabic courses of reading for Intermediate and B. A. Examinations for 1917, as suggested by Dr. Azim-ud-Din Ahmad, Ph D., were placed before the Board. The Board appointed a Sub-Committee consisting of the following memders to report on the same :—

Dr. Shaikh Muhammad Iqbal, M.A., Ph.D., *Bar.-at-Law*.
K. M. Maitra, Esq., M.A.
Maulvi Muhammad Husain, S.U.
Dr. Azim-ud-Din Ahmad, Ph.D.

3. (*a*) With reference to the Registrar's letter, dated the 28th January 1916, inviting the opinion of the Board on the question stated in paragraph 5, clause B, of the Proceedings of the Oriental Faculty, dated the 15th December, 1915, it was considered desirable to defer an expression of opinion of the Board on the point referred by the Faculty until the Board of Studies in Sanskrit, etc., had furnished a statement of their reasons in support of their recommendation.

(*b*) With reference to the suggestion of the Board of Studies in Sanskrit contained in paragraph 3 of their Proceedings, dated the 31st March, 1915, the Board did not see its way to accepting their suggestion The Board was of opinion that the practice which has so far

prevailed of allowing candidates to appear in the Maulvi Fazil and Munshi Fazil Examinations without having previously passed the Maulvi Alim and Munshi Alim Examinations, respectively, is not open to exception from an educational point of view so far as the Oriental Studies are concerned, and since the practice had so far yielded satisfactory results, there was no sufficient reason for departing from it.

APPENDIX II.

Report of the Committee appointed by the Syndicate to consider the question of proposed changes in the Marticulation system (*vide* Syndicate Proceedings, dated the 17th March 1916).

Meeting of the Committee were held in the Senate Hall on the 11th and 27th May, 1916.

THE Committee noted that the draft scheme for instituting a joint Marticulation and School Final Examination had been accepted by the Science Faculty and by a majority of the members of the Arts Faculty, but had subsequently been rejected by the Oriental Faculty, on the ground that no change of the kind was necessary. The Committee understood that the Oriental Faculty did not object to changes as such, and indeed felt that some modification of the existing system was needed, but that the members considered the particular proposals comprised in the scheme to be too far-reaching in their effects. The opposition to the scheme appeared chiefly to be due to an idea that its adoption would (*a*) result in a gradual but inevitable loss of University control of the examination, and (*b*) open the way to certain innovations with which the award of School Final Certificates was thought to be associated, and which were regarded with some distrust, *e.g.*, the assigning of value to school records in lieu of or in addition to a public examination, for the award of a certificate.

The Committee then proceeded to consider to what extent the proposals made in the draft scheme could be modified so as to remove controversial points and retain any features which would be likely to command general approval.

It was agreed, in the first place, that the Marticulation Examination might logically be termed "Matriculation and School Final Examination," because it was already a school-leaving examination for the majority of candidates and did not necessarily lead to the University. The Clerical and Commercial test conducted by the University would in that case be one department of the examination, and not a separate test as at present. It was pointed out in this connection that the University had recognized several school tests as equivalent to the Matriculation, *viz.*, the Diploma Examination of Chiefs' Colleges, the High School Examination of European Schools and the School Final Examinations proposed for the Delhi Province and the N.-W. F. P., so that the addition of the term "School Final" would not in itself commit the University to accepting a type of examination different from those already approved.

The practical objects of this change of nomenclature would be to extend the scope of the examination to what may be called non-University groups of subjects, such as the existing Clerical and Commercial group. It was unlikely that many schools would present candidates in non-University groups, but more variety of choice should be permitted than was possible under the present system.

The next point taken up was the question of the control of the examination. The Committee were unanimous in thinking that the existing machinery of the University was not wholly suitable for regulating an examination of school pupils of whom a large proportion would not proceed to University study. Suggestions relating to the examination were at present dealt with by the Faculties and Boards of Studies separately, a process which occupied much time; and there was a lack of a special body, other than the Syndicate, to co-ordinate detached opinions. Further, there was a risk of the school point of view receiving insufficient attention and of undue emphasis being laid on University requirements.

It was agreed, therefore, to recommend that, following the example of English Universities, the University should constitute a special board for the control of the examination, more or less similar to the body proposed in the draft scheme. The body originally proposed was to consist of twelve members, two *ex-officio* (the Director of Public Instruction and the Registrar of the University), three nominated by the Director of Public Instruction, and seven chosen by the University. A subsequent proposal was to add a representative of Commercial and Industrial interests, to be co-opted by the other members. Mr. Fazl-i-Husain moved that the Board should consist of the Director of Public Instruction as Chairman and eleven Fellows or added members of the Faculties, who should be elected for one year by the several Faculties in the following proportion :—

Five by the Arts Faculty, of whom three must be directly connected with schools, as Inspectors, Head Masters or Managers.

Three by the Science Faculty, of whom two must be school representatives as above.

Three by the Oriental Faculty, of whom two must be school representatives as above.

A discussion ensued as to whether a Board entirely composed of members of the Faculties could be sufficiently representative of school interests. It was urged that many Inspecting Officers, School Managers, and Head Masters of wide experience and proved capacity, who had virtually no chance of becoming Fellows of the University, would be permanently debarred from a place on the Board, and that certain special interests, *e.g.*, those of girls' schools, required representation. The objection, however, could be met in some measure by electing more school representatives as added members of the Faculties. There was a division of opinion on this point, some members holding that two places should be reserved for nomination by the Chancellor or Syndicate. Eventually it was decided to recommend Mr. Fazl-i-Husain's elective scheme as an experimental measure.

The Committee were of opinion that the powers and functions of the Board should be similar to those of a Board of Studies, but that the Board should submit its recommendations direct to the Syndicate, leaving it to the latter body to refer to the Faculties such questions as they thought fit. Bakhshi Ram Rattan was unable to agree to this, as he did not see any necessity for a departure from the ordinary procedure of a Board of Studies.

The consideration of the particular changes in the University Regulations which the new arrangement would necessitate should, it was thought, be deferred until the general question had been decided.

Read the Resolution of the Syndicate referring back for reconsideration the Faculty's proposals regarding appointments of Law Lecturer and Law Readers in the Law College.

Resolved, in modification of original scheme submitted by the Faculty, that the term of appointment of the Law Lecturer be one year as in the case of Law Readers and not three years.

2. *Resolved,* further, that the condition embodied in the aforesaid scheme to the effect that Law Lecturers and Law Readers must be legal practitioners of at least 5 years' standing unnecessarily ties the hands of the University, and that no specific period should be stated in the rules as a condition precedent to appointment.

3. *Resolved,* after consideration of the qualifications of all candidates for the vacant posts, that the following names be submitted to the Syndicate, namely—

For Law Lecturership	Mr K. C. Chatterji.
For Law Readership	Mr. Mukand Lal Puri.
For 2nd Law Readership	Mr. S. Hasan.

4. The Principal of the Law College having intimated that there is a very large increase in the applications for admission to the College, so large that there may be some difficulty about accommodation, the faculty gave the opinion that no applications should in the circumstances be refused on the ground that the numbers are excessive, but that such arrangements should be made as may be found practicable to meet the difficulty.

Confirmed,

D. C. JOHNSTONE,
Dean.

SHEO NARAIN,
Secretary.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (*Public*), *No.* 2831-42, *date* 8*th December* 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

Queen Mary's College, Lahore.

THIS school has been founded in order to give girls of the higher ranks an education suitable to their position. The proposed education is to be first and foremost womanly, and pupils will not for the present be prepared for the matriculation examination of the University. The Indian ideals of self-sacrificing motherhood and simplicity of life will be held sacred, and the education given, while conducted on the best modern methods, will seek in every way to guard the ideal of the Indian wife in her home. For this reason the curriculum includes lessons on the care of children's health, simple remedies for ordinary illnesses, "first aid" invalid cookery, and science as applied to the home in the shape of the elementary laws of sanitation, ventilation, etc. Great stress is laid on needlework, and every kind of both Indian and English needlework, plain and artistic, including the use of the sewing machine, is taught by competent teachers.

Study of Vernaculars.—The intelligent study of the mother-tongue is the basis of education in every country, and great attention is paid to the vernaculars. Hindi, Urdu and Gurmukhi are taught by fully qualified teachers, and instruction is given in beautiful writing as well as in reading and composition.

When a pupil has acquired sufficient mastery over her own vernacular, she may proceed to the study of Persian or Sanskrit, Arabic, or French.

Religious Education.—Reference to the list of subscribers to Queen Mary's College will show that all sects are represented; therefore distinctive sectarian teaching cannot be given. There is, however, much on which all religious-minded people agree. The virtues of modesty self-sacrifice, obedience, gentleness and many others are honoured by all alike. Moral lessons are given daily on such virtues and duties, and these are illustrated by examples drawn from the literature of all nations and all times.

Age.—Parents are advised to send their children at about six years of age, in order that they may obtain full benefit from the courses of instruction.

Fees.—Entrance	...	...	Rs. 10 per month

I.—This Institution has been established at the desire, and with the assistance, of the Punjab Government, in order to provide a Public Library for the use of all classes in the Province.

II.—The objects of the Institution are—

(a) to provide a Public Library for the use of all classes of the community which shall contain official publications as well as general literature, both Oriental and of other kinds;

(b) to provide a Reading Room which shall be open to the public free of charge.

III.—The Institution seeks to contribute to the intellectual advancement of the country—

(a) by rendering accessible in one place valuable information that may be required for Provincial historical research, or for any other enquiry that depends upon records rather than experience;

(b) by providing, on an adequate scale, for the public means, both of general reading in various fields of literature and popular science.

IV.—The Committee of the Library earnestly appeal to all interested in the moral and intellectual development of this country for help and assistance to enable the institution to possess not only what is best in Western Literature, but also " a thoroughly representative collection of Eastern works," and to this view they appeal to Indian noblemen and gentlemen and indeed to all, of whatever race or creed, who can appreciate what oriental thought has effected in the past, for help in securing for the Public Library those valuable collections of manuscripts and oriental books (in the possession of Chiefs and gentlemen) whose usefulness is considerably curtailed by their inaccessibility to the public.

V.—A donation of Rs. 50 entitles the donor to the privileges of a life member, thereby enabling him not only to obtain a private benefit, but also to contribute towards an excellent public object.

VI.—The Library, being open to the whole Province, deserves support from all parts of the Punjab, and the Committee ask Municipal Committees, District Boards and Indian States to make monthly grants of money that the institution may be maintained in a state of thorough efficiency.

VII.—Copies of the Classified Catalogues of works of all kinds in the Library are procurable on application to the Librarian.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

Chief Secretary to Government Punjab.

1. The Hon'ble Mr. Justice Shah Din took the chair and read the first item on the agenda paper as follows :—

> 1. That the Reverend Dr. J. C. R. Ewing, M.A., D.D., LL.D., C.I.E., the Vice-Chancellor of the University of the Panjab, is, by reason of his eminent position and attainments, a fit and proper person to receive the Degree of Doctor of Literature, and that under the provision of section 17 of the Indian Universities Act, 1904, the said Degree be conferred upon him, *honoris causa* (*vide* paragraph 1 of the Syndicate Proceedings, dated the 8th December, 1916).

The Chairman said that, in the absence of the Vice-Chancellor who for obvious reasons did not desire to be present during the discussion of this proposal, he had great pleasure in putting to the meeting this recommendation of the Syndicate. It was unnecessary for him to speak at length, as he felt sure that there was no one present, or indeed any member of the Senate not present, who would not heartily support this proposal for the conferring of an honorary degree on Dr. Ewing, who had been Vice-Chancellor for so many years. The Chairman put the motion which was carried unanimously.

2. The Vice-Chancellor having taken the chair, the remaining items of business on the agenda paper were passed without discussion, *viz.*—

> 2. That the Degrees specified in Appendix I of the Syndicate Proceedings, dated the 10th November 1916, be conferred upon the candidates named therein, who were duly certified to have passed the examinations and fulfilled the other conditions necessary for the several Degrees referred to in accordance with the Rules and Regulations now in force, and with the provision of section 16 of the Universities Act of 1904 (*vide* Appendix I).

> 3. That the recommendations of the Syndicate relating to the Board of Accounts for 1917 be approved (*vide* paragraph 5 of the Syndicate Proceedings, dated the 10th November, 1916).

4. That the report of the University Auditor on the Accounts of the University from January, 1916, to March, 1916, be approved (*vide* paragraph 18 of the Syndicate Proceedings, dated the 10th November, 1916) (*vide* Appendix II).

5. That the recommendation of the Syndicate relating to the cancellation of Degree conferred upon Barkat Ali be approved (*vide* paragraph 1 of the Syndicate Proceedings, dated the 24th November, 1916).

6. That the recommendations of the Syndicate relating to the Nomination Rolls of candidates for appointment as Extra Assistant Commissioners be approved (*vide* paragraph 6 of the Syndicate Proceedings, dated the 8th December, 1916) (*vide* Appendix III).

Certificates are ready for signature by the Vice-Chancellor.	(c) We have not been shown vouchers for certain payments which are said to be of a confidential nature. In previous years such payments were certified by the Vice-Chancellor, and we are of opinion that the practice be resumed.
Noted.	(d) Vouchers have not been properly numbered.
Due corrections have been made.	(e) Voucher No. 1065 is for Rs. 111-8-0, while the payee's receipt is for Rs. 111-0-0 only.
Communicated to the Principal, Law College.	(f) Voucher No. 1319 for Rs. 20-0-0 on account of payment to Dr. Bhagat Ram Sawhney is signed by his son which is not proper.
	Imprest.
Noted.	In this connection we again beg to invite your attention to our remarks of our report dated the 11th October 1915.
	Oriental College Cash Book.
	In the following cases payees' receipts were wanting :—
Since received.	Voucher No. 93 for Rs. 106-7-0.
Askd for. (Out of Rs. 37-2-6).	" " 134 for Rs. 1-4-0. " " 142 for Rs. 6-13-6.
The new form of ledger has since been introduced.	We beg to state that at present the allocation of different heads is not noted in the Cash Books against the items. Thus it is impossible to check the summary of receipts and the ledgers without the help of the Accountant. We regret to state that the state of the ledgers is far from satisfactory. There are several totals to a column. The totals are changed very often. Even the figures are not quite clear and legible. There were differences in the annual statements and it took us considerable time to find out the same.
Noted.	In conclusion, we also beg to state that the forms of annual statements of accounts also require to be modified according to the heads of the budget. If this is done, it wil not only considerably reduce the work of the preparation of the statements but also show the state of affairs of the University accounts in a more clear form.

Yours faithfully,

BASANT RAM & SONS,

Auditors.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

Chief Secretary to Government Punjab.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

J. P. THOMPSON,

Chief Secretary to Government Punjab.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

J. P. THOMPSON,

Chief Secretary to Government Punjab.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

Queen Mary's College, Lahore.

THIS school has been founded in order to give girls of the higher ranks an education suitable to their position. The proposed education is to be first and foremost womanly, and pupils will not for the present be prepared for the matriculation examination of the University. The Indian ideals of self-sacrificing motherhood and simplicity of life will be held sacred, and the education given, while conducted on the best modern methods, will seek in every way to guard the ideal of the Indian wife in her home. For this reason the curriculum includes lessons on the care of children's health, simple remedies for ordinary illnesses, "first aid" invalid cookery, and science as applied to the home in the shape of the elementary laws of sanitation, ventilation, etc. Great stress is laid on needlework, and every kind of both Indian and English needlework, plain and artistic, including the use of the sewing machine, is taught by competent teachers.

Study of Vernaculars.—The intelligent study of the mother-tongue is the basis of education in every country, and great attention is paid to the vernaculars. Hindi, Urdu and Gurmukhi are taught by fully qualified teachers, and instruction is given in beautiful writing as well as in reading and composition.

When a pupil has acquired sufficient mastery over her own vernacular, she may proceed to the study of Persian or Sanskrit, Arabic, or French.

Religious Education.—Reference to the list of subscribers to Queen Mary's College will show that all sects are represented; therefore distinctive sectarian teaching cannot be given. There is, however, much on which all religious-minded people agree. The virtues of modesty self-sacrifice, obedience, gentleness and many others are honoured by all alike. Moral lessons are given daily on such virtues and duties, and these are illustrated by examples drawn from the literature of all nations and all times.

Age.—Parents are advised to send their children at about six years of age, in order that they may obtain full benefit from the courses of instruction.

Fees.—Entrance	Rs. 10 per month
All classes below Middle	" 5 "
Middle and High	" 10 "

No reduction is made for sisters.

Fees must be paid in advance before the 15th of each month.

Fees will be remitted in all cases of prolonged illness upon receipt of a medical certificate given by a fully qualified doctor.

Parents are advised not to send valuable jewellery. If English shoes are worn they must have very low heels, or none at all. Boots are not allowed. Twelve handkerchiefs are necessary. 4 pillow-cases.

Furniture.—Bedsteads and all necessary furniture will be provided.

Cooking.—Separate cook-houses are provided for Hindus, Sikhs and Mussalmans. There is a Brahmani cook for the Hindus. Boarders should bring the table-utensils to which they are accustomed, or request the Principal to buy for them such things as are used by Europeans. Four meals are provided during the day. Milk is given twice daily. Extra milk or special diet will be separately charged for.

Games' fee.—Re. 1 a term. Indian shoes or English tennis shoes must be worn on the grass.

Servants.—Sufficient women servants are provided. No private servants are necessary.

Illness.—Medical attendance will be charged for if necessary. All arrangements for care of pupils during sickness will be made by the Principal. There is a small hospital on the premises.

Leave of absence.—Leave of absence will not be given in term time except on very urgent business. Girls who attend weddings or other crowded functions will be isolated for several days on return owing to danger of infection. No reduction made for any absence Leave on Sundays for the day begins at 11 A.M.

I.—This Institution has been established at the desire, and with the assistance, of the Punjab Government, in order to provide a Public Library for the use of all classes in the Province.

II.—The objects of the Institution are—

(a) to provide a Public Library for the use of all classes of the community which shall contain official publications as well as general literature, both Oriental and of other kinds;

(b) to provide a Reading Room which shall be open to the public free of charge.

III.—The Institution seeks to contribute to the intellectual advancement of the country—

(a) by rendering accessible in one place valuable information that may be required for Provincial historical research, or for any other enquiry that depends upon records rather than experience;

(b) by providing, on an adequate scale, for the public means, both of general reading in various fields of literature and popular science.

IV.—The Committee of the Library earnestly appeal to all interested in the moral and intellectual development of this country for help and assistance to enable the institution to possess not only what is best in Western Literature, but also " a thoroughly representative collection of Eastern works," and to this view they appeal to Indian noblemen and gentlemen and indeed to all, of whatever race or creed, who can appreciate what oriental thought has effected in the past, for help in securing for the Public Library those valuable collections of manuscripts and oriental books (in the possession of Chiefs and gentlemen) whose usefulness is considerably curtailed by their inaccessibility to the public.

V.—A donation of Rs. 50 entitles the donor to the privileges of a life member, thereby enabling him not only to obtain a private benefit, but also to contribute towards an excellent public object.

VI.—The Library, being open to the whole Province, deserves support from all parts of the Punjab, and the Committee ask Municipal Committees, District Boards and Indian States to make monthly grants of money that the institution may be maintained in a state of thorough efficiency.

VII.—Copies of the Classified Catalogues of works of all kinds in the Library are procurable on application to the Librarian.

VIII.—The Rules are given below—

I.—CONSTITUTION AND COMMITTEE.

5. The remaining members will be nominated by Government, who will also appoint the President.

6. The Committee shall appoint its own Secretary.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

J. P. THOMPSON,

Chief Secretary to Government, Punjab.

IV.—The Secretary reported that he had given leave without allowances for two months with effect from 19th February 1917, to Lala Dewan Chand. The Committee confirmed his action. It was resolved after a careful consideration of the case that Lala Dewan Chand be informed that his services will not be required by the Committee after the expiry of the leave. The Committee decided in the interests of the efficient administration of the Library to take steps to appoint a competent and trained person as Assistant Librarian. It was stated in the report of the special Sub-Committee consisting of the Hon'ble Mr. J. P. Thompson, the Hon'ble Mr. Justice Shadi Lal, Mr. Manohar Lal and the Secretary that " the salary paid to the present incumbent of the office of Assistant in the English Department, *viz.*, Rs. 50, is, in the opinion of the Sub-Committee, more than sufficient for a man of his qualifications and for the work he has to do. The Sub-Committee think it will be necessary to revise the pay of this post when it is decided to employ a person of higher qualifications who can undertake to do a part of the work at present done by the Librarian and who can act for that officer whenever necessary." It was resolved to employ an Assistant Librarian from Rs. 50—5—75 and to invite applications from graduates and others trained in Library management. In the meantime temporary arrangements for carrying on the work were sanctioned, and it was resolved to give Pandit Charanjit Lal an acting allowance of Rs. 10 per mensem and to appoint a new man on Rs. 25 per mensem.

V.—It was reported that 21 annual subscribers joined the Library during January and February 1917 and 5 did not renew their subscription.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

J. P. THOMPSON,
Chief Secretary to Government, Punjab.

Notice.

THE Committee of the Punjab Public Library will be grateful for any gifts of books made by gentlemen about to leave the province on retirement or long leave, and others who desire to present books to a public institution where they will be made available to the public.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2881-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

Chief Secretary to Government, Punjab.

Queen Mary's College, Lahore.

THIS school has been founded in order to give girls of the higher ranks an education suitable to their position. The proposed education is to be first and foremost womanly, and pupils will not for the present be prepared for the matriculation examination of the University. The Indian ideals of self-sacrificing motherhood and simplicity of life will be held sacred, and the education given, while conducted on the best modern methods, will seek in every way to guard the ideal of the Indian wife in her home. For this reason the curriculum includes lessons on the care of children's health, simple remedies for ordinary illnesses, "first aid" invalid cookery, and science as applied to the home in the shape of the elementary laws of sanitation, ventilation, etc. Great stress is laid on needlework, and every kind of both Indian and English needlework, plain and artistic, including the use of the sewing machine, is taught by competent teachers.

Study of Vernaculars.—The intelligent study of the mother-tongue is the basis of education in every country, and great attention is paid to the vernaculars. Hindi, Urdu and Gurmukhi are taught by fully qualified teachers, and instruction is given in beautiful writing as well as in reading and composition.

When a pupil has acquired sufficient mastery over her own vernacular, she may proceed to the study of Persian or Sanskrit, Arabic, or French.

Religious Education.—Reference to the list of subscribers to Queen Mary's College will show that all sects are represented; therefore distinctive sectarian teaching cannot be given. There is, however, much on which all religious-minded people agree. The virtues of modesty self-sacrifice, obedience, gentleness and many others are honoured by all alike. Moral lessons are given daily on such virtues and duties, and these are illustrated by examples drawn from the literature of all nations and all times.

Age.—Parents are advised to send their children at about six years of age, in order that they may obtain full benefit from the courses of instruction.

Fees.—Entrance	...	...	Rs. 10 per month.

Milk is given twice daily. Extra milk or special diet will be separately charged for.

I.—This Institution has been established at the desire, and with the assistance, of the Punjab Government, in order to provide a Public Library for the use of all classes in the Province.

II.—The objects of the Institution are—

(a) to provide a Public Library for the use of all classes of the community which shall contain official publications as well as general literature, both Oriental and of other kinds;

(b) to provide a Reading Room which shall be open to the public free of charge.

III.—The Institution seeks to contribute to the intellectual advancement of the country—

(a) by rendering accessible in one place valuable information that may be required for Provincial historical research, or for any other enquiry that depends upon records rather than experience;

(b) by providing, on an adequate scale, for the public means, both of general reading in various fields of literature and popular science.

IV.—The Committee of the Library earnestly appeal to all interested in the moral and intellectual development of this country for help and assistance to enable the institution to possess not only what is best in Western Literature, but also " a thoroughly representative collection of Eastern works," and to this view they appeal to Indian noblemen and gentlemen and indeed to all, of whatever race or creed, who can appreciate what oriental thought has effected in the past, for help in securing for the Public Library those valuable collections of manuscripts and oriental books (in the possession of Chiefs and gentlemen) whose usefulness is considerably curtailed by their inaccessibility to the public.

V.—A donation of Rs. 50 entitles the donor to the privileges of a life member, thereby enabling him not only to obtain a private benefit, but also to contribute towards an excellent public object.

VI.—The Library, being open to the whole Province, deserves support from all parts of the Punjab, and the Committee ask Municipal Committees, District Boards and Indian States to make monthly grants of money that the institution may be maintained in a state of thorough efficiency.

VII.—Copies of the Classified Catalogues of works of all kinds in the Library are procurable on application to the Librarian.

When all had been presented, the Vice-Chancellor delivered the following address:—

IN the Convocation address of last year, a word of prediction, for which, at the time, there seemed to be the fullest justification, was ventured.

The assurance was then conveyed that the extreme courtesy with which many successive assemblies, such as this, have listened to the addresses of the present Vice-Chancellor would be put to no further strain. Circumstances, however, over which he has had no very great control have conspired to disappoint both him and you, and these he regrets no less than do you. Possibly, however, as sharers in a common regret, we may reap from the outset the positive advantage of mutual understanding and sympathy, and be enabled all the better to survive the tedium of the hour on the one hand, and the labour involved in the delivery of what is to be said, on the other.

Our University has pursued the more or less even tenor of its way during the past twelve months. The shock and the agony that have paralyzed many forms of industry and practically closed many of the world's greatest schools, have not reached us in a form seriously to interrupt our routine.

In eighteen different examinations 10,574 candidates have presented themselves, of whom 5,717 were declared successful. In the work of testing the fitness of these candidates, 659 examiners had a share. Whatever other industries may have languished during the year, it is clear that the one which consists of examining and being examined is not to be numbered amongst them.

In all our schools and colleges there has been an increase in the number of students, and we have to record the opening of a new Arts College, the Sanatan Dharm College of Lahore, which was supplied, at once, with as many students as it could accommodate. It is also to be added that proposals are under consideration for the establishment of still another College of the same type.

It is very obvious that the eyes of the people dwelling within the territory of this University are being directed more and more toward the attainment of some sort of educational qualification. This is peculiarly marked in its relation to degrees in Arts and those distinctions to which they are the necessary prelude. That a thirst for education should increase both in intensity and extent is natural, and a sign of healthful progress in a community; and we contemplate the great educational advance of recent decades with keen satisfaction. Nevertheless, there are certain features of the situation which summon us all to serious thought. The problem, to which particular reference was made twelve months ago, is still with us, while the necessity for finding a solution and the difficulty of doing so are apparently greater than ever. Again, we ask, For what are our students being prepared? In our latest examinations 471 candidates passed the test for the Bachelor's and 59 for the Master's degree, numbers greater than those of any previous year; and meanwhile the disparity between the places open to our graduates and their number has increased. Lest it be assumed that this condition is due to a lowering of standards or undue leniency in examinations, it is well to note that the 530 successful candidates represent a total of 1,219 who appeared in these particular tests.

Judging from the indications of the times, it seems highly probable that present tendencies will increase in force and in effect. There is nothing now strong enough to stand in opposition to them, unless it be found in a deliberate determination on the part of the University so to set its house in order as to provide against the turning out of men for whose services the country is not asking. I repeat, that the thing which we deplore is not due in any large degree to the students. They accept what is offered, and if it be in great measure useless to many of them, the responsibility is chiefly ours.

For graduates in Arts, for example, where are the openings? There is the profession of Law, already, we are told, over-crowded, and not likely to become less so. Witness the fact that 250 fresh graduates have recently entered the First Year Class of our Law College. Education comes next, in which the prospects for such emolument as a graduate might reasonably expect, after many years of study, are far from bright, except in the case of the very few. There remain, for the average man, clerical posts in offices, and these are by no means sufficient in number to provide places for all. But we ask, Why do they not turn to Agriculture, to Trade, to Manufacture? Here we face Economic questions of exceeding difficulty and perplexity. Regarding some of these definite and unanimous conclusions, it must be admitted, seem remote; and yet the fact remains unquestioned that our students are, in general, being trained away from, rather than toward certain avocations, in which their presence, were they fitted to enter them, would be of inestimable value to their country.

It is affirmed, and with much truth, that the industrial walks of life are largely barren now of opportunity for the educated classes. The graduate, whatever be his attainment, finds it hard to secure what to him would seem a "living wage," in the field of industry or commerce, and the reasons for this condition are to be sought for in circumstances connected with the genius and history of the people of the country. The task of so modifying conditions as to give to India the best and fullest service of her educated sons is one of tremendous difficulty as well as importance. It will not suffice for us to stand aside and depend solely, or even largely, upon the administrative officers of Government for impetus and guidance. That our rulers are not indifferent to the importance of industrial development is abundantly evinced by the encouragement given to private effort, and the establishment of great institutions for training and research. But notwithstanding all this, there remains a great and apparently widening gap between the average graduate and the industrial life of the country. This is unquestionably a drift in the wrong direction, and it is no exaggeration to say that it is fraught with danger to the highest interests of the people. It is their loss, the country's loss, when even one of those who should lead and guide is turned aside from the path which would conduct him to efficiency and power into a course that ends in his becoming an exceedingly unhappy and a more or less negligible member of his community.

By way of practical measures to turn the thought and effort of the rising generation into more useful lines, the suggestion is repeated, that the University address itself to the work of establishing such relations with existing institutions and of founding, if needed be, such others, as shall make it possible for its students to advance to degrees in Agriculture and in Commerce. For the former, splendid equipment is ready to our hand in the great College at Lyallpur; and it only remains to proceed to make the necessary adjustments and regulations. As to the latter, we foresee greater difficulties, because of the absence of funds for the equipment of a College of Commerce. And yet this obstacle can scarcely be deemed insurmountable in a Province where wealthy captains of industry, whose interests in such practical education is known to all, are possibly only awaiting an opportunity to come forward with the requisite funds for an endowment.

In discussing the deficiencies of our educational theory and practice it is not unusual to assign the chief blame to our Secondary Schools. It is undoubtedly true that the product of the Schools is not above criticism, and that all lack of adequate preparation for College has a direct bearing upon the efficiency of what is there to be undertaken. Let us nevertheless aim at fairness in our distribution of blame. Through the gateway of the Matriculation Examination the lad enters the College, and this institution must bear its due share of responsibility for the final product. Here the lower classes, it is true, are frequently composed largely of youths who are not very adequately prepared for the type of work into the stress of which they pass. Some of them claim both the liberty of men and the irresponsibility of boys; and our Colleges fail in so far as they neglect to take this into account.

Courses of study, no matter how admirably adapted they may be to the needs of the exclusive specialist, are not necessarily profitable as the chief material of a College curriculum. The highly trained specialist in the chair of the teacher is an asset of enormous value, but there is something of vastly greater importance than this. It is the close personal touch of mature men imbued with a keen interest in the wide range of the life of others, and whose personality is such as to leave a beneficent impress upon the character of their pupils.

Purely intellectual discipline is, of course, not to be undervalued, but a type of training that is far more than intellectual is essential and cannot be spared without disastrous loss. The interests of the College must be wider than the curriculum. In a genuinely liberal education the needs of the entire man must be met, and these are intellectual, æsthetic, social, moral and religious. These are sometimes best supplied only indirectly; and surroundings, organization, discipline and atmosphere are found to be quite as important, to say the least, as definite instruction.

We talk much of "a sound mind in a sound body," but are we actually accomplishing much of value in this direction? It is undoubtedly possible for athletics to make a valuable contribution to College life; but that advantage will remain largely unrealized so long as games are, in the main, restricted to a small number of specially athletic men. The great body of students must somehow be enlisted in them, not as serious business, or as a means of vanquishing a real or imaginary foe, but simply as *play*.

Again, in the social, moral and religious life of any people the College has an important part to play Whatever be our personal notions as to the relative importance of that which is neither purely intellectual nor physical, we dare not assume that we may safely leave it wholly unguided and undeveloped during the years of a College course, while we confine ourselves to the impartation of the knowledge of facts and the care of the physical nature of our students. Whether under the direct guidance of the teacher or not, it is during these years that the young man's ideals in relation to his duty toward his fellow-men and toward God are largely formed. Men may and do differ as to the best way of dealing with these considerations, but they can hardly differ as to the imperative nature of the claim which they make upon any education that is to be recognized as liberal. The moral, in its broadest scope, the function of religion in the life of men, these surely deserve recognition in any education that is to be called complete. What else is the object of all our striving but to make a man a better man than he would otherwise have become?

The College, each individual member of the teaching staff, is summoned by the needs of his pupils and of the world outside, into the tasks and trials of which those who sit in our classes to-day will shortly enter, to a share in the labour and privilege of helping them to know and appreciate the deep meanings of life. Let each College choose and maintain its own particular ideals and type. The world is not in special need of men who have made great collection of facts, but it is calling for those who have learned to think and to do this in the light of their relation to their fellows and to the Divine Being. The University, as such, can help us little, but the individual College is free, while conforming to the intellectual standards prescribed by the examining body, to justify in fullest measure its existence by sending up to the University, that they may receive the stamp of its approval, a continuous stream of candidates whose characters have been shaped under the influence of men whose ideals are those for which it is the privilege of the College to stand. In this connexion it is well to remember that the chief factors in a complete education are always persons, not things, not even books. Hence the choice of teachers is a matter of prime importance. Of course, in the interests of simple honesty, the College teacher must be thoroughly prepared to teach the subject to which he professes. You cannot consistently proceed to the cultivation of character upon a basis of fraud.

The teacher is to stand for the best, and we cannot therefore excuse in him the absence of character and conviction and a genuine interest in the deepest life of others. On the contrary, the demand in our Colleges is for men who possess the highest qualification, namely, a power to inspire other men to aim at their absolute best.

To influence character you must touch the heart and awaken emotion, and it is not to the words or doings of a stranger that the heart will beat quicker, but to the precept and example of a man who is endeared by association and whose personal character has stood the test of daily scrutiny by those who sit at his feet.

I have ventured upon these suggestions in relation to the Colleges of our University, not because of any doubt as to the existence of a real desire upon the part of those charged with the management of our affiliated institutions to do all in their power to make them in the highest degree efficient, but because I am conscious of an almost over-powering temptation, affecting all Colleges alike, to lose sight of what is, after all, of the supremest importance, due to the incessant demand that the teacher yield all his thought and energy to the business of securing success for his pupils in the test established by the University.

Pending the time when we shall find ourselves able to advance fully to some of the better things in connexion with our machinery and methods suggested in the past, we may, I believe, not unprofitably centre our attention and effort upon the possibilities that lie within each individual College. It is in these that the real life of the University lies, and the quality of the influences exerted there will determine whether she shall point with pride or with shame to the lists of those who have won her degrees.

Gentlemen of the Graduating Classes,—

In addition to all other titles to distinction which you may claim, you certainly possess that of surpassing in numbers the classes of any previous year in our history. There are some eight hundred of you here, who have today received at the hand of His Honour the Chancellor the Degrees and certificates earned by years of labour. In a very definite sense your lives as independent individuals begin now. This is recognised in a Western land by the universal practice of designating the day of graduation as "Commencement Day".

You are putting your hands to the active duties and privileges of life at a time such as the world has net seen before. And what of these new conditions? What bearing have they upon your outlook and personal accountability? It is but a few years since we heard it said, that the age was dull and mean and mercenary, and inspiration gone. The first gun-shot in a war undertaken in defence of the weak and in maintenance of the right, turned meanness to self-sacrifice, mercenary toil to the vigils of the camp and the transports of battle. It linked young life to new opportunities, sweeter self-devotions and more heroic ending; tied and loosed the threads of existence in profounder complications. The result of these things can never pass. Innumerable instances of heroic self-devotion crowd the records of every week, and will continue to do so until the call for them shall cease to be heard.

We are asking of each other in troubled voices, as we measure the terrible toll of suffering and death, how long this gigantic struggle is to last. God grant that the end, the day when peace shall be established in righteousness, may come speedily. But, meanwhile, you, whose peaceful studies have suffered no serious interruption during the long months in which your brothers and mine have been representing us on the field of battle, surely dare not shut your eyes to the obvious lessons of the hour. The men who are fighting our battles for us are in the midst of the deadly strife, not for the sake of any personal glory that may ensue, because they believe that their country

and many of the things that are even better than life are in peril. It is such sentiment and action as this that make a people great and invincible.

You go forth today, summoned to fight against wrong. The selfish man, the one whose aims are limited to personal fame or wealth is destined to fail. The man who is willing to yield everything for a cause, even his life if occasion demand, succeeds, even though that life be cut off in its early morning. In the light of the lessons of the time, Gentlemen, I summon you to a life of heroism even in common tasks. Lamentations, doubts, discouragements are wasted things. The victory comes to the man who faces the future in a spirit of gladness born of the conviction that there is somewhere useful work awaiting him, and that in the doing of it, courage, self-abnegation and fidelity to duty, not wholly unlike that which animates the soldier who fights his country's battles, may and should find a place.

As you study to make your lives strong and beautiful there is one quality the attainment of which I venture to urge upon you. It is one that demands courage always, and sometimes heroism of the sublimest type. The power to think and to act as responsible individuals is a quality by no means so common as it ought to be amongst men of enlightenment, whose general aim, it may be assumed, it is to guide those whose opportunities for acquiring right views of things have been less favourable than their own. The indulgence of blind party spirit, a readiness to follow unthinkingly the leadership of the demagogue, these are fatal to any true efficiency in your work amongst men. Thinking is like loving or eating; every man must do it for himself to get the benefit of it. We are not only morally, but mentally responsible beings. Our thinking ought to be our own, not that of our neighbour, or of the persuasive orator who at times would rob us of our privilege of choice. The humorist who said, "It is better to have a few ideas raised on your own premises than a whole Orphan asylum of ideas which you have adopted," defined a great principle.

As for our deeds, it is by them that we are judged of men, and for them we are individually responsible. He who chooses and does the wrong, and then endeavours to shift the blame to the shoulders of another is cowardly as well as dishonest. Intellectual greatness we all admire, but there is peril in allowing the charm of its splendour to call forth too much of our devotion; for in so doing we cease, in some degree, to be moved by the greatness of principle. What can be greater than an honest soul, in its still, calm purpose? No threat, no force can daunt an honest man, for he is nerved with strength that steel cannot reach that chains cannot hold and that prisons cannot weaken.

The whole world would appear today to be in the throes of a travail to produce something, perhaps, new to history; something, possibly, better than anything we have yet known. In the achievement or perfection of this, long and strenuous years may of necessity be spent, but what of that? The task is not the less great and grand because of possible, or even probable delay in its completion. It is because of the magnitude of the issues involved, because of the imperative necessity that men be found to deal adequately with new conditions and unsolved problems, that we feel more than justified in placing all possible emphasis upon the call, a call that you can ignore but at your own and your country's peril, for men, real men characterized by vigour of thought, integrity of judgment and supreme honesty of purpose.

As my closing word to you, I venture to quote the lines of a poet whose face, but a few months ago, was not unfamiliar to the students of Lahore:—

"I would be true, for there are those who trust me;
I would be pure, for there are those who care;
I would be strong, for there is much to suffer;
I would be brave, for there is much to dare.
I would be friend of all—the foe—the friendless;
I would be giving and forget the gift;
I would be humble, for I know my weakness;
I would look up—and laugh—and love—and lift."

By order,

Registrar.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2331-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

Chief Secretary to Government, Punjab.

APPENDIX A.

Letter dated 22nd April 1917.

From—Messrs. BASANT RAM & SONS, Auditors of Accounts, Lahore,

To—The Secretary, Punjab Public Library, Lahore.

DEAR SIR,

WE have checked the accounts of the Punjab Public Library for the year ending 31st arch 1917 and have found them correct. We have seen that all the payments are properly pported by vouchers, except the following :—

	Date.	*Particulars.*	*Amount.* Rs. A. P.
1.	31st May 1916 ...	Paid to the Secretary, Royal Asiatic Society of Great Britain and Ireland, London, £1-10 on account of subscription to the Society's Journal. ..	22 13 3
2.	22nd June 1916 ...	Paid to Mr. K. M. Jalal-ud-din of Amritsar on account of refund of his deposit.	25 0 0
3.	30th March 1917...	Paid to Mr. W. Muller, London, on account of books supplied, £24-17-9 ..	367 12 3

We have seen that the various items of expenditure have been sanctioned by the ibrary Committee. Under the following heads, there is an increase over the budget timates :—

	Head.	*Budget Sanction* Rs. A. P.	*Actual Expenses.* Rs. A. P.	*Exceeded by* Rs. A. P.
1.	Office Establishment	3,804 0 0	3,886 5 9	82 5 9
2.	Peons' Uniforms ...	20 0 0	26 0 0	6 0 0
3.	Printing and Catalogues ...	1,000 0 0	1,899 13 3	899 13 3
4.	Subscription to Journals ...	443 0 0	466 14 1	23 14 1
5.	Audit Fee	40 0 0	50 0 0	10 0 0

The total expenditure sanctioned by the Committee in the beginning of the year was 16,979-3-0, while the actual expenses during the period amount to Rs. 10,599-12-7, and apparently there seems to be a large saving, but if the payments for books that have been ered during the year are taken into consideration, there would be hardly any.

Under the head of (Receipts) income was estimated at Rs. 13,238, while the total al income has been Rs 13,482-13-3.

We observe that the Establishment bill for the month of August 1916 is for Rs. 315 d the same amount has been actually paid, while in the Cash-Book Rs. 314 have been wn.

Lastly we beg to thank the Librarian for the help rendered to us in the course of it.

Yours faithfully,

BASANT RAM & SONS,

Auditors.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

J. P. THOMPSON,

Chief Secretary to Government, Punjab.

Notice.

THE Committee of the Punjab Public Library will be grateful for any gifts of books made by gentlemen about to leave the province on retirement or long leave, and others who desire to present books to a public institution where they will be made available to the public.

I.—The Hon'ble the Vice-Chancellor on taking the chair read the first item on the agenda paper, *viz.*,—

1. That His Excellency the Right Hon'ble Frederick John Napier Thesiger, Baron Chelmsford, G. C. M. G., Viceroy and Governor-General of India, Patron of the University of the Panjab, is, by reason of eminent position and attainments, a fit and proper person to receive the Degree of Doctor of Laws, and that according to the provisions of section 17 of the Indian Universities Act of 1904 the said Degree be conferred upon him *honoris causa* (*vide* paragraph 1 of the Syndicate Proceedings, dated the 2nd March 1917).

This resolution was carried unanimously.

II.—The Senate then accepted without discussion the following proposals of the Syndicate :—

2. That the examiners for the Law Examinations of 1917, appointed by the Syndicate, be approved—*vide* paragraph 3 of the Syndicate Proceedings, dated the 8th December 1916), *vide* Appendix I.

3. That the examiners for the M. Sc. Examination of 1917 in Botany and Zoology, appointed by the Syndicate, be approved—(*vide* paragraph 4 of the Syndicate Proceedings, dated the 8th December 1916), (*vide* Appendix II).

4. That the examiners for the B. A. (Pass) Physics and Chemistry Examinations in 1917, appointed by the Syndicate, be approved—(*vide* paragraph 11 of the Syndicate Proceedings, dated the 8th December 1916), (*vide* Appendix III).

5. That the examiners for the Medical Examinations of 1917, appointed by the Syndicate, be approved—(*vide* paragraph 12 of the Syndicate Proceedings, dated the 8th December 1916), (*vide* Appendix IV).

6. That the examiners appointed by the Syndicate for M. A. History, be approved—(*vide* paragraph 4 of the Syndicate Proceedings, dated the 2nd February 1917), (*vide* Appendix V).

III.—The *seventh item* dealt with the approval by the Senate of the examiners appointed by the Syndicate on the 19th January 1917, paragraph 9. Bakshi Tek Chand pointed out that these examiners had already done their work, and suggestad that such lists should come before the Senate sooner. This suggestion was accepted and the list of examiners approved. (*Vide* Appendix VI).

IV.—Read item No. 8.

That the recommendations of the Faculties relating to the Courses of Reading for the examinations of 1919, be approved—(*vide* paragraphs 3 and 3 of the Syndicate Proceedings, dated the 5th January and 16th February 1917, respectively).

The Registrar explained that owing to certain points being referred back to the Boards, the list of courses of reading had been completed only the previous day. Consequently it had not been possible to submit the complete list to Government twenty-one days beforehand under regulation 7 of Chapter III. Under these circumstances he suggested that the list be passed subject to no objection being received from Government within twenty-one days.

He has ascertained that the Director of Public Instruction considered that there would be no objection to this procedure. The courses of reading were then approved subject to this proviso. (*Vide* appendix VII).

V.—The following proposals were passed without discussion :—

9. That the recommendations of the Syndicate relating to the re-appointment of Mr. Kanwar Sain Mathur, M.A., as Principal of Law College, Lahore, be approved. (*Vide* paragraph 5 of the Syndicate Proceedings, dated the 5th January 1917).

10. That the recommendations of the Syndicate relating to the equalization of scholarships between the Arts and Science Faculties in the Matriculation Examination, be approved—(*vide* paragraph 13 of the Syndicate Proceedings, dated the 5th January, 1917). (*Vide* Appendix VIII).

11. That the recommendations of the Syndicate relating to the setting of alternate papers in Drawing at the Matriculation Examination, 1917, be approved. (*Vide* paragraph 7 of the Syndicate Proceedings, dated the 19th January, 1917).

12. That the recommendations of the Syndicate relating to the extension of affiliation of Islamia College, Lahore, to include M. A. Courses in Philosophy, be approved—(*vide* paragraph 15 of the Syndicate Proceedings, dated the 2nd February, 1917).

13. That the recommendations of the Syndicate relating to the assignment of Fellows to Faculties, be approved—(*vide* paragraphs 20 and 8 of the Syndicate Proceedings, dated the 16th February and 16th March 1917, respectively). (*Vide* Appendix IX).

14. That the recommendation of the Syndicate relating to the admission of a holder of the Matriculation Certificate of the Madras University to the Intermediate Examination of the University of the Punjab, be approved. (*Vide* paragraph 7 of the Syndicate Proceedings, dated the 2nd February 1917.)

VI.—Read item No. 15.

That the University Auditor's Report on the Accounts of the University for the half year ending 30th September 1916, be approved. (*Vide* paragraph 5 o the Syndicate Proceedings, dated the 2nd March 1917).

Lala Durga Das pointed out that office notes attached to the Report, did not show clearly by whom they were made, or whether they had been referred to the Auditor, or considered by the Syndicate. He suggested that the orders of the Syndicate on each objection or proposal should be recorded for the information of the Senate. Lala Durga Das' suggestion was accepted and the Auditor's Report approved. (*Vide* appendix X).

VII.—The next three items were approved without discussion, *viz.*,—

16. That the recommendation of the Syndicate relating to the appointment of Narinjan Singh, M. Sc., as McLeod-Kapurthala Natural Science Student, be approved. (*Vide* paragraph 11 of the Syndicate Proceedings, dated the 2nd March, 1917).

17. That the recommendation of the Syndicate relating to the appointment of Ganda Singh Chima, B.Sc., as Alfred-Patiala Student, be approved. (*Vide* paragraph 2 of the Syndicate Proceedings, dated the 16th March 1917).

18. That the list of oral examiners in Physics and Chemistry, English and Physiology and Hygiene, be approved—(*vide* paragraphs 6, 6 and 7 to the Syndicate Proceedings, dated the 2nd March and 16th March 1917, respectively). (*Vide* Appendix XI).

VIII.—The Senate then considered the Budget Estimates of the several amounts of the University for the year 1917-18. (*Vide* paragraph 4 of the Syndicate Proceedings, dated 16th March 1917).

The Registrar explained that the Budget had been prepared in the form recommended by the Government Auditor. (*Vide* appendix XII).

He also explained that the Syndicate had on the previous day increased the expenditure under the head of Law College, after considering the recommendations of the Law College Committee.

The Hon'ble Mr. Justice Shah Din moved and Bakhshi Tek Chand seconded the following amendment:—

"That provision be made in the Budget Estimates for the year 1917-18 for the entertainment of two additional part-time Law Readers for the Law College of the University and the appointment of the Readers be made by the Syndicate from the commencement of the next session of the College."

Hon'ble Mr. Shah Din explained that the Law College Committee had made this proposal largely on the recommendation of the Principal, and complained that it had been unceremoniously negatived by the Syndicate. He admitted that no lecturer was needed from the 1st April as suggested by the Committee, but he considered it imperative to strengthen the staff when the next classes were formed.

Bakhshi Tek Chand pointed out that the University expected to make a profit of Rs. 25,000 on Law Students.

Mr. Wathen thought it would be a better policy to limit the number of entries to the Law College.

The Hon'ble Mr. Fazl-i-Husain proposed and Lala Durga Das seconded an amendment to Mr. Shah Din's amendment as follows:—

That the Law College Committee be requested to go into the general principles with reference to—

(*a*) proper strength of a class or section of a class;

(*b*) the amount of lecturing to be done by the part-time and permanent staff;

(*c*) the number of lectures required by each class or section, with a view to determine the additional staff required by the College.

Mr. Hemmy supported this amendment.

Principal Kanwar Sain considered the enquiry unnecessary, the same questions had recently been dealt with by a Committee of the Syndicate.

The Hon'ble Mr. Shadi Lal supported Mr. Fazl-i-Husain's amendment. He had reasons to suppose that the work now being done in the Law College was not entirely satisfactory.

The Hon'ble Mr. Muhammad Shaffi considered that the recommendations of the Law College Committee should have been accepted.

On being put to the vote, Mr. Fazl-i Hussain's amendment was carried by 17 votes to 16. As thus amended Mr. Shah Din's amendment was then carried.

IX.—The next two items were approved without discussion:—

20. That the Special War Regulations recommended by the Syndicate, be approved. (*Vide* paragraphs 4, 2 and 11 of the Syndicate Proceedings, dated the 16th February, 2nd March, and 18th March, 1917, respectively). (*Vide* Appendix XIII).

21. That the recommendations of the Syndicate relating to the affiliation of the Guru Nanak Khalsa College, Gujranwala, be accepted. (*Vide* paragraph 8 of the Syndicate Proceedings, dated the 19th January 1917).

X.—The last item on the agenda paper was—

22. That the recommendations of the Syndicate relating to the affiliation of the Sanatan Dharam College Lahore, be approved. (*Vide* paragraph 10 of the Syndicate Proceedings, dated the 18th March 1917)

The Senate unanimously approved of the proposal that the Sanatam Dharam College should be affiliated for the intermediate courses specified.

The College had applied also for affiliation in certain B. A., courses, this the Syndicate had not recommended.

Mr. Manohar Lal proposed and Lala Ruchi Ram seconded an amendment that the Senate should recommend the Sanatam Dharm for the B. A. classes also.

Mr. Manohar Lal described the progress made by the College.

Mr. Durga Das considered that as the Syndicate had permitted the opening of a third year class last year everything possible should be done to avoid any hardship to the students in that class.

It was then pointed out that the members of the Senate had not had an opportunity of reading the report of the inspection committee, and it was decided to post pone the considera-tion of the question of affiliation up to the B. A. standard until this and other papers had been circulated.

A. C. WOOLNER,

Registrar.

APPENDIX I.

Proceedings of a Meeting of the Board of Studies in English, held in the Senate Hall, Lahore, on Friday, the 27th October 1916, at 5-30 P.M.

PRESENT :

Manohar Lal, Esquire, M.A., *Bar.-at-Law.*

R. E. Gordon George, Esquire, B.A.

P. E. Richards, Esquire, B.A.

F. R. Tomlinson, Esquire, B.A., *Convener.*

A letter from Mr. Robson to the Dean of the Science Faculty and forwarded to the Board by him was read. In this letter Mr. Robson condemned the English syllabus as particularly unsuited to B. Sc. students.

The Board have already replied to other letters from Mr. Robson that they entirely agree with him in thinking the "Lives of Pope," etc., dull and uninteresting, even to the general reader, and that they personally would not recommend such books in future.

As regards Mr. Robson's other criticisms they cannot agree that the Tale of Two Cities is in any way unsuitable. They agree with him that *certain* of the essays in any of the selections prescribed of late years or prescribed at present are unsuitable for Indian students; they have as yet failed to find a perfect selection, and would be very grateful if Mr. Robson could recommend them one.

Reports of examiners were discussed, and it was resolved that the University authorities should be asked to have Mr. Richards' paper (English Matric. B) with his model answers printed and distributed to the schools as quickly as possible.

The following final recommendations for the new courses were then made :—

Matriculation, 1920.

For Hawthorne's "Tanglewood Tales," *substitute* Hawthorne's "Wonder Book."

APPENDIX VII.

Proceedings of the Board of Studies in English held in the Senate Hall, Lahore, on Thursday, the 4th March, 1915, at 6-30 P.M.

PRESENT:

F. R. Tomlinson, Esquire, B.A.
H. Martin, Esquire, M.A.
P. E. Richards, Esquire, M.A.
T. L. Vaswani, Esquire, M.A.
Rev. E. D. Lucas, M.A., (*Convener*).

In reply to the reference made to this Board by the Syndicate (*vide* paragraph 9, Proceedings of the 20th November, 1914), with regard to Professor Ramsay Muir's proposals *re* the teaching of English and the replies received from affiliated Colleges in consideration of these proposals, the Board wishes to state that it took up these replies in the light of the discussion at the recent Conference on the study and teaching of English, in which these proposals were the subject of considerable debate.

In the first place the Board agrees with Mr. Ramsay Muir that the first object in the teaching of English should be to enable the student to read modern English prose easily, to speak and write it correctly, and to understand it when used by those whose mother tongue is English. In other words, a thorough practical familiarity with spoken and written English is the first object to be attained. However desirable this aim is, the Board believes it to be impossible to accomplish it fully without constant drill in writing and speaking the language, conducted by those who are themselves masters of the language. This means that a composition class should consist of not more than twenty or twenty-five students, and that the teacher be given a chance to correct exercises constantly. A step in this direction was taken last year when it was decided to limit the size of composition classes to fifty and the ordinary English class to one hundred. There has been no report received as yet as to whether this action of the Arts Faculty is being carried out in the Colleges, or as to the results.

As a further step in the same direction, *i.e.*, to help the student to attain a practical working knowledge of English, the Board passed this resolution :

That the aim of teaching English up to the Intermediate stage should be to give a practical familiarity with English as a written and spoken language ; and consequently that papers in the Intermediate Examination should exclude questions on literary criticism and recondite historical or mythological allusions.

Further the Board agreed that the quantity of poetry in the Intermediate Course as it stands for 1916 and 1917 should be considerably reduced, and the emphasis placed on the teaching of fairly modern English prose. This may require some readjustment of the marks given to the prose and poetry sections of paper A (70 marks generally equally divided between poetry and prose). But this is a matter the Board cannot act upon till the amount of poetry is reduced and this turn will come up when the course for 1918 is to be fixed.

We advise no change as yet in the present arrangement of the degree courses, although we recognize that there is a considerable body of opinion inclined to favour a separation being made between the teaching of English as a language and the teaching of it as a body of literature.

I.—Read a reference from the Syndicate asking for an opinion of the Board as to desirability of having centres for practical examination in Botany and Zoology for the Intermediate, outside Lahore. The Board was of opinion that it would be desirable to have centres

for this examination outside Lahore, if they were satisfied that there would be no difficulty in the way of obtaining sufficient material for conducting the examination. In the case of Amritsar, it was thought sufficient material for the Botany examination for three days would not be obtainable, and a man would have to go out daily with specimens from Lahore.

II.—The Board resolved to make the following recommendations regarding the Courses of Reading for 1919 for the various examinations :—*Matriculation—Physiology and Hygiene.*

Add the following after books suggested :—

In the practical examination candidates will be required to show a practical acquaintance of the following :—

Human skeleton (articulated and disarticulated) ; types of joints ; natural levers ; viscera in a dissected rabbit ; dissections of heart, blood-vessels, entering and leaving the various chambers of the heart, larynx, trachea, lungs, kidney, and eye-ball from goat or sheep ; models of ear and brain ; microscopic appearance of blood, bone, muscle, and nerve-cells ; appearance of a decalcified long bone ; radial pulse ; use of clinical thermometer ; respirations per minute, effect of muscular exertion on rate of respiration, result of breathing into lime-water ; microscopic appearance of a drop of diluted milk, starch-grains from wheat, rice and potato ; action of iodine on starch ; action of saliva in altering a weak solution of starch, the alteration being disclosed by the iodine test, favourable influence of warmth in promoting this alteration, impossibility of producing this alteration when saliva has been previously boiled ; appearance presented when a solution of white of egg is boiled, effect of treating co-agulated white of egg with 0·3 per cent. hydrochloric acid and Benger's liquor pepticus (artificial gastric juice), effect of boiling the liquor pepticus before use ; use of lactometer ; formation of a real image by convex lens, demonstration of the existence of the blind spot.

APPENDIX VIII.

Proceedings of a Meeting of the Sub-Committee to equalise the distribution of scholarships between the Arts and Science Faculties at the Matriculation Examination, (held in the Senate Hall, Lahore, on Saturday, the 28th October, 1916, at 4 P.M.

PRESENT:

The Hon'ble Mr. Justice Shadi Lal, R.B., M.A., B.C.L., *Bar.-at-Law* (*in the Chair*).
The Hon'ble Mr. Fazl-i-Husain, M.A., K.B., *Bar.-at-Law.*
L. Devi Dyal, B.A.
L. Raghunath Sahai, B.A.
A. S. Hemmy, Esq., B.A., M.S.C., *Secretary.*

It was decided that the most equitable basis upon which to calculate the equalisation of scholarships was the number of passes in each Faculty. In 1916, 2,827 candidates passed in the Arts Faculty and 664 in the Science Faculty. The number of scholarships limited to the Arts Faculty is 49 *viz.*, 32, Government scholarships, 15 University scholarships and 2 Albert Victor Scholarships ; whilst the number for the Science Faculty is 5,—all University scholarships.

On the above basis out of these 54 scholarships 44 should go to the Arts Faculty and 10 to the Science Faculty, it was therefore decided to recommend that 5 University scholarships should be transferred from the Arts to the Science Faculty so that in future there should be 10 University scholarships on the Arts side and 10 on the Science side.

It is further recommended that the new distribution shall come into force from the examinations of 1918 and that the numbers should be revised every five years.

Confirmed.

SHADI LAL,
Chairman.

A. S. HEMMY,
Secretary.

(*b*) We notice that as a rule the money order receipts which are obtained at the time of remitting the money are attached with vouchers. This, in our opinion, is not sufficient as sometimes it happens that the money order is returned unpaid. It is necessary that the receipts of the payees which are received back duly signed through the Post Office should also be attached. — Noted.

(*d*) There are discrepancies in the amounts paid and the receipts obtained in the following cases:—

35	...	33 12 0	23 12 0
308/2	...	210 12 0	210 2 0

This is not possible in some cases. A baniah for 1 pie worth of flour for paste will not issue receipt and voucher. Superintendent's receipt is a sufficient guarantee.

(*e*) Several Superintendents of examination centres in submitting their accounts have not sent the vouchers for some, out of the various payments made by them. Nearly all the Superintendents have, however, acknowledged the amounts received by them.

This was done at the request of the actual payee, but a note to that effect should have been obtained.

(*f*) *Voucher No.* 455.—Invigilators' fee payable to Sardar Hardit Singh. Rs. 6 has been paid to Sardar Sant Singh and part payment of Rs. 15 payable to Lala Hira Nand has been paid to Lala Daulat Ram. (Voucher No. 239). Moreover the receipt of Rs. 85-13-0 is signed by B. C. Ghosh instead of Mr. N. C. Ghosh, Headmaster, M. School, Ambala. In such cases letters of authority for payment should have been obtained before payment.

This was paid as a special case and is certainly cheaper than the Regulation rates.

(*g*) *Voucher No.* 293 *for Rs.* 118-9-0.—This is a bill on account of travelling and halting expenses of the Superintendent of Intermediate Examination held at Peshawar in 1916. In this bill double first class railway fare has been charged and paid together with Rs. 4 per day for 18 days on account of halting allowance. The bill contains additional charges on account of tonga, coolies and freight on luggage. We wish to point out that the latter charges are inadmissible under the Civil Service Regulations.

Advances.—We notice that moneys are drawn in connection with examinations and shown as advance. These amounts are at once charged to expenses while as a matter of fact the money remains with the University Cashier who disburses it gradually. We think such expenses can conveniently be passed through the imprest cash book by increasing the limit of cash Imprest in hand. This will not involve any extra labour. Under the arrangement suggested by us the cash now drawn under head "Advances"

but not actually spent can be accounted for from the books. We are of opinion that a separate detailed ledger should be opened for advances and separate accounts opened in that ledger for each person to whom the money is advanced. The present register of advances in which the dates are noted after the amount has been adjusted is not of much use.

The register was introduced by Government Auditor and gives all the information required; see the Register.

Furniture.—There is no register of the furniture purchased by the University from time to time. A fairly large outlay is incurred in this direction, and it is desirable that a proper register showing the value of the property should be maintained. It will also be necessary to show every year the depreciation in value.

Provident Fund Account.—No vouchers in support of the following payments are forthcoming :—

		Rs.
25-4-1916	S. Dharam Singh ...	42
1-6-1916	Babu N. K. Chatterjee	300

Filed.

Investment of Provident Fund Money.—At present the Provident Fund money is invested in G. P. Notes. Whenever any official retires he is paid in cash the full amount due to him irrespective of the actual market value of the G. P. Notes. Under this arrangement the loss by way of depreciation in G. P. Notes is borne by the University. Just at present the depreciation is considerable, and to avoid the loss to the University we would suggest that in future the Provident Fund money may be placed in Fixed Deposit with the Bank of Bengal.

Syndicate for opinion.

All other accounts are quite in order.

In conclusion we may mention that we have been supplied with a printed copy of the audit and inspection notes on the accounts of the University by the Examiner, Local Fund Accounts. The report which is an elaborate one contains several useful suggestions which could be adopted with advantage. The suggestions made if carried out require modifications in some of the Regulations and would no doubt increase office work.

Yours faithfully,

BASANT RAM & SONS,

Auditors.

APPENDIX XII.

Proceedings of a Meeting of the Board of Accounts held in the Senate Hall, Lahore, on Friday, the 9th March 1917, at 5-30 P.M.

PRESENT:

The Hon'ble Mr. H. J. Maynard, M.A., I.C.S., *Vice-Chancellor.*
The Hon'ble Mr. J. C. Godley, M.A., C.S.I.
The Hon'ble Mr. J. P. Thompson, M.A., I.C.S.
A. C. Woolner, Esquire, M.A., *Registrar.*
P. N. Dutt, Esquire, B.A., R.B., *Assistant Registrar.*

The Board considered the estimates of income and expenditure for the year 1917-18. These estimates had been prepared in the form recommended by the Examiner of Local Fund Accounts and approved by the Syndicate.

2. The Board considered applications from or recommendations on behalf of several employees of the University for increase of pay. In the case of Mr. Ghosh, Superintendent of the office, the Board had previously recommended the grade of Rs. 175—5—225. In a note on a subsequent application the Registrar had pointed out that in his last grade Mr. Ghosh had received an increment of Rs. 10, and that he was getting Rs. 200 before M. Sikandar Khan left. It was decided to leave this matter to be settled by the Syndicate. In all the other cases the Board was of the opinion that no increase should be granted.

3. It was pointed out that owing to the increase in the amount of work connected with examinations the item "Temporary Establishment" No. 3-J on page 9 had been increased. Moreover, the services of two temporary clerks had been extended to the whole of the year. The Registrar recommended that these two clerks should be added to the list of permanent establishment. The Board decided to recommend (*a*) that the duration of a temporary appointment should not exceed six months without the special sanction of the Syndicate and (*b*) that before two more clerks were added to the establishment a history of the increase made in this establishment and the reasons of the increase should be prepared.

4. It was noted that the estimates of the expenditure under the head of Law College did not include certain additions which had been proposed by the Principal and which were under the consideration of the Law College Committee. The recommendations of that Committee would come before the Syndicate together with recommendations of the Board of Accounts.

5. In connection with the budget estimates of the Special Endowed Trusts Accounts, it was resolved to recommend that such balances as were available for investment should be invested in the Indian War Loan.

6. As regards fresh investments of balances in the Provident Fund, it was agreed to recommend that money not expected to be needed for 3 or 5 years, should be invested in War Bonds 1920 or 1922 respectively, and that amounts which might be needed sooner should be invested in Post Office 5-Year Cash Certificates.

7. The Board considered the possibility of investing some portion of the cash balance estimated to amount to Rs. 1,53,000 on April 1st, 1917. In view of the large item of one lakh for the remuneration of examiners, it was agreed that no considerable amount would be available for investment before the new fees began to come in in December and January, consequently conversion rights with respect to nearly a lakh of Government paper in the Provident Fund, and three and a third lakhs in the current account could not be obtained by investment. The hope was expressed that conversion rights might be obtained from some other source, and it was suggested that patrons of the University might be prepared to make over to the University conversion rights for which they themselves had no use.

8. The University Appointments Board at an urgent meeting held on the 22nd February, 1917, had referred to the Board of Accounts the desirability of maintaining the Appointments Board for another year. The Board of Accounts considered that this was a matter to be discussed in the first instance by the Syndicate.

Confirmed.

H. J. MAYNARD, *Vice-Chancellor.* A. C. WOOLNER, *Registrar.*

DRAFT PREPARED BY SUB-COMMITTEE.

Special War Regulation of 1917.

NOTWITHSTANDING anything to the contrary contained in the Regulations of the University, students of any affiliated College, who, having enlisted in the Punjab University Company, have served with credit for not less than 6 months (or for the remaining period of the War if less than 6 months) shall be entitled to avail themselves of the privileges specified as follows :—

(*i*) A College student who appears in the Intermediate Examination of 1917 and fails (either in one or more subjects), or a College student in his Second year who having enlisted in the University Company does not appear in the examination, may be admitted to the Third year class in any affiliated College and to the examination for the Degree of Bachelor in either the Arts or Science Faculty without having passed the Intermediate Examination; *or* on the recommendation of the Principal of the College last attended by him, may be admitted to the First year class in the Medical College, Lahore, and thereafter to the First Professional Examination for the Degree of Bachelor of Medicine and Bachelor of Surgery without having passed the Intermediate Examination.

(*ii*) A College student who has completed the Third year course in either the Arts or the Science Faculty (*i.e.*, has attended at least two-thirds of the lectures of that academic year and has appeared in two College examinations) and obtains from the Principal of the College last attended by him a certificate that his progress made in that College and his success in the College examinations were such as to make it highly probable that he would have passed the examination if he had not enlisted, may be admitted to the Degree of Bachelor of Arts or Bachelor of Science on the recommendation of a Special Committee to be appointed by the Syndicate for this purpose. Such recommendation shall be based in the main on the candidate's record in University and College Examinations.

(*iii*) A Fourth year student who appears in the examination for the Degree of Bachelor of Arts or of Bachelor of Science and fails, shall be given credit for any subject in which he obtains pass marks, and allowed to re-appear in the subject or subjects in which he failed and when he has obtained the requisite percentage of marks in all three subjects, though on different occasions within three years from the date of his discharge from military service he shall be declared to have passed the examination.

(*iv*) A Graduate in the Law College who completes the course for the First Examination in Law, *i.e.*, has attended at least three-fourths of the lectures delivered to his class but having enlisted is unable to appear in the examination of 1917, may be admitted to the next LL.B. THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2881-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

J. P. THOMPSON,

Chief Secretary to Government, Punjab.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, *datep 8th December* 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

Queen Mary's College, Lahore.

THIS school has been founded in order to give girls of the higher ranks an education suitable to their position. The proposed education is to be first and foremost womanly, and pupils will not for the present be prepared for the matriculation examination of the University. The Indian ideals of self-sacrificing motherhood and simplicity of life will be held sacred, and the education given, while conducted on the best modern methods, will seek in every way to guard the ideal of the Indian wife in her home. For this reason the curriculum includes lessons on the care of children's health, simple remedies for ordinary illnesses, "first aid" invalid cookery, and science as applied to the home in the shape of the elementary laws of sanitation, ventilation, etc. Great stress is laid on needlework, and every kind of both Indian and English needlework, plain and artistic, including the use of the sewing machine, is taught by competent teachers.

Study of Vernaculars.—The intelligent study of the mother-tongue is the basis of education in every country, and great attention is paid to the vernaculars. Hindi, Urdu and Gurmukhi are taught by fully qualified teachers, and instruction is given in beautiful writing as well as in reading and composition.

When a pupil has acquired sufficient mastery over her own vernacular, she may proceed to the study of Persian or Sanskrit, Arabic, or French.

Religious Education.—Reference to the list of subscribers to Queen Mary's College will show that all sects are represented; therefore distinctive sectarian teaching cannot be given. There is, however, much on which all religious-minded people agree. The virtues of modesty self-sacrifice, obedience, gentleness and many others are honoured by all alike. Moral lessons are given daily on such virtues and duties, and these are illustrated by examples drawn from the literature of all nations and all times.

Age.—Parents are advised to send their children at about six years of age, in order that they may obtain full benefit from the courses of instruction.

Fees.—Entrance	...	...	Rs. 10 per month.
All classes below Middle	...	...	" 5 "
Middle and High	...	...	" 10 "

No reduction is made for sisters.

Fees must be paid in advance before the 15th of each month.

One month's notice is required for leave of absence or withdrawal; otherwise full fees will be charged.

Fees will be remitted in all cases of prolonged illness upon receipt of a medical certificate given by a fully qualified doctor.

BOARDING HOUSE.

Parents are advised not to send valuable jewellery. If English shoes are worn they must have very low heels, or none at all. Boots are not allowed. Twelve handkerchiefs are necessary. 4 pillow-cases.

Furniture.—Bedsteads and all necessary furniture will be provided.

Cooking.—Separate cook-houses are provided for Hindus, Sikhs and Mussalmanis. There is a Brahmani cook for the Hindus. Milk is given twice daily. Extra milk or special diet will be separately charged for.

Games' fee.—Re. 1 a term. Indian shoes or English tennis shoes must be worn on the grass.

Servants.—Sufficient women servants are provided. No private servants are necessary.

Illness.—Medical attendance will be charged for if necessary. All arrangements for care of pupils during sickness will be made by the Principal. There is a small hospital on the premises.

Leave of absence.—Leave of absence will not be given in term time except on very urgent business. Girls who attend weddings or other crowded functions will be isolated for several days on return owing to danger of infection. No reduction made for any absence. (a) by rendering accessible in one place valuable information that may be required for Provincial historical research, or for any other enquiry that depends upon records rather than experience;

(b) by providing, on an adequate scale, for the public means, both of general reading in various fields of literature and popular science.

IV.—The Committee of the Library earnestly appeal to all interested in the moral and intellectual development of this country for help and assistance to enable the institution to possess not only what is best in Western Literature, but also "a thoroughly representative collection of Eastern works," and to this view they appeal to Indian noblemen and gentlemen and indeed to all, of whatever race or creed, who can appreciate what oriental thought has effected in the past, for help in securing for the Public Library those valuable collections of manuscripts and oriental books (in the possession of Chiefs and gentlemen) whose usefulness is considerably curtailed by their inaccessibility to the public.

V.—A donation of Rs. 50 entitles the donor to the privileges of a life member, thereby enabling him not only to obtain a private benefit, but also to contribute towards an excellent public object.

VI.—The Library, being open to the whole Province, deserves support from all parts of the Punjab, and the Committee ask Municipal Committees, District Boards and Indian States to make monthly grants of money that the institution may be maintained in a state of thorough efficiency.

VII.—Copies of the Classified Catalogues of works of all kinds in the Library are procurable on application to the Librarian.

1. The Senate was convened for the purpose of conferring the Degree of Doctor of Laws, *honoris causa,* on His Excellency the Right Hon'ble Frederick John Napier Thesiger, Baron Chelmsford, G.C.M.G., Viceroy and Governor-General of India, Patron of the Panjab University.

2. The *ex-officio* Fellows, the Honorary Fellows, and the Ordinary Fellows of the University assembled in academic costume in the side rooms of the University Hall at 5-15 P.M.

3. At 5-20 P.M. they proceeded to the Main Hall and took their seats on the dais.

4. His Honour the Chancellor of the University arrived at the University Hall at 5-25 P.M. and was received by the Vice-Chancellor and the Syndics.

5. At 5-30 P.M. His Honour the Chancellor, the Vice-Chancellor, and the members of the Syndicate received His Excellency the Patron of the University at the entrance of the Hall and conducted him to the dais, where he was received by the Fellows.

At the request of the Vice-Chancellor, His Honour the Chancellor declared the Convocation open.

The Vice-Chancellor then addressed the Senate as follows :—

Mr. Chancellor.—This Convocation of the University of the Panjab meets to do honour to its Patron. A Graduate in the School of Law of the University of Oxford, sometime Fellow of the College of All Souls, and called to the Bar from the Inner Temple, he has been trained in those studies of which the Degree of Doctor of Lawsi s the fitting admiration. A former Governor of two Dominions in succession in the Commonwealth of Australia, and now His Gracious Majesty's Viceroy and Governor-General of India, he is eminent in position as in attainments. His work in the London County Council in the cause of higher education, and, since his arrival in India, his inauguration of an enquiry into the affairs of the University of Calcutta, show that sympathy with academic interests which a University would desire to find in one whom it honours.

As Vice-Chancellor of this University, and in the name and on behalf of its Senate, I ask you, Mr. Chancellor, to confer upon our Patron the Degree of Doctor of Laws, in accordance with the Resolution which I shall now read :—

"That His Excellency the Right Hon'ble Frederick John Napier Thesiger, Baron Chelmsford, G.C.M.G., Viceroy and Governor-General of India, Patron of the Panjab University, is, by reason of eminent position and attainments, a fit and proper person to receive the Degree of Doctor of Laws and that according to the provisions of section 17 of the Indian Universities Act of 1904 the said degree be conferred upon him *honoris causa.*"

The Chancellor then, on behalf of the Senate and with the assistance of the Vice-Chancellor and the Registrar, conferred the Degree of Doctor of Laws upon His Excellency, in the following words :—

" In accordance with the Resolution of the Senate just read, and by virtue of the authority vested in me as Chancellor of this University, I admit Your Excellency to the Degree of Doctor of Laws, and in token thereof I present to you this Diploma, and authorise you to wear the robes ordained as the insignia of this Degree."

The Degree having been conferred, the Chancellor directed the Registrar to proclaim it. This was accordingly done in the authorised manner and form, and the roll on which the Degree was recorded, having been presented by the Registrar, was signed by the Chancellor

The Chancellor then declared the Convocation clossd.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2531-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

J. P. THOMPSON,
Chief Secretary to Government, Punjab.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

Chief Secretary to Government, Punjab.

II.—*Appointment of Assistant Librarian.*—The applications received in response to the advertisement published in the newspapers in connection with the vacant post of Assistant Librarian were laid before the Committee. The Secretary stated that the file of applications had been circulated among the members at present residing in Lahore. The various applications received were carefully considered, and the Committee unanimously decided on the motion of Mr. Manohar Lal, seconded by Mr. Woolner, to appoint Lala Des Raj to the vacant post on a salary of fifty rupees per mensem rising to rupees seventy-five by annual increments of five rupees.

III.—The circumstances under which the question of interpreting Rule 11 was referred to the Committee were explained at length, and the Committee, with the exception of Rai Bahadur Mohan Lal, and Khan Bahadur Mian Siraj-ud-Din and the President who gave no opinion, was of opinion that the sense of the word "shall" in "shall be held once a year in the month of April" was not at all mandatory with reference to the month in which the meeting should be held, and that the meeting could be held in any month later than April without infringing the spirit of the Rule.

IV.—The following payments were sanctioned :—

	£	s.	d.
1. Mr. W. Müller, English and Foreign Bookseller, London, on account of books.	55	16	9
2. Messrs. William Tomlin and Son, Booksellers, Binders and Stationers, Cambridge, on account of books.	36	18	8
3. Messrs. Henry Sothern and Co., New and Second-hand Booksellers, London, on account of books	8	2	6
	Rs.	A.	P.
4. Messrs. Moti Lal Benarsi Dass, Booksellers, Lahore, on account of books.	376	8	0
5. Bhai Ladha Singh, Bookseller, Lahore, on account of books.	141	9	0
6. Punjab Printing Works Book Depôt, Lahore, on account of books.	92	1	3

V.—The Committee regretted very much their inability to allow the Manuscript of the work entitled "Abbas Khan Sherwani's Tuhfa-i-Akbar Shahi" to be taken out of the Library. But it was decided that if Professor Jadu Nath Sarkar agreed the Manuscript should be carefully copied out in Lahore under competent supervision and at his cost which would not exceed Rs. 25.

VI.—It was decided to permit Vidyadhar, peon, to resign his appointment in the Library and to draw the money at his credit in the Provident Fund inclusive of the Committee's contribution.

VII.—The purchase of the following books was sanctioned :

		£.	s.	d.
(1)	"A History of Architecture" by Professor B. Fletcher F. R. I., B.A. (B. Batsford, 94, High Holborn, London).	1	1	0
		Rs.	A.	P.
(2)	Bloomfield. Architectural Drawing Draughtsman ...	3	12	0
(3)	Middleton. Modern Buildings, their planning, construction and equipment, 6 volumes.	70	0	0

VIII.—It was reported that 22 annual subscribers and two life members had joined the Library during April and May 1917, and that 5 subscribers had failed to renew their subscription.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2881-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

J. P. THOMPSON,
Chief Secretary to Government, Punjab.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of Indi that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

J. P. THOMPSON,
Chief Secretary to Government, Punjab.

Notice.

THE Committee of the Punjab Public Library will be grateful for any gifts of books made by gentlemen about to leave the province on retirement or long leave, and others who desire to present books to an public institution where they will be made available to the public.
